One Hundred Percent Increase in Farm Bureau Forward Movement Indicated by Reports

TOTAL WILL GO BEYOND 1,500

Every Farmer in Anderson Township Meeting and All But One in Jackson Join Association

Reports reaching county headquarters of the Rush County Farmers association farm bureau forward movement, which is being conducted in every township in Rush county this week, today indicated an increase of one hundred percent in membership for 1923.

The present membership of the association is 766 and if the additions continue to come in as they have the first two days of the campaign, there is little doubt but that the total will go beyond 1,500.

Township meetings were held Tuesday night in Anderson, Jackson, Washington and Union and tonight meetings are scheduled as follows, with the following speakers, who came to Rush county this week to assist in the campaign.

Posey, Arlington school house, M. P. Hill; Walker Homer, John Covert; Orange, Moscow or Gowdy, C. J. Patterson; Rushville, Webb school, H. P. Nevins.

At the Jackson township meeting last night, where C. J. Patterson of Tipton, spoke, every farmer in the audience with one exception was signed up as a member. The soliciting committee predicted today that Jackson township would go over 100 percent with every farmer in the township a member of the association. The meeting was held at Osborn school and refreshments were served following the address by Mr. Patterson.

Every farmer at the Anderson township meeting at the Milroy school house last night joined the association and committees were hard at work today to make the township one hundred percent. The address was made by M. P. Hill and

## OPPOSITION COMING FROM BROOKVILLE NOW

Young Attorney Advises Farmers Not to Move Back Fences and Delays Widening of Road No. 39

VALUE OF HIGHWAY SHOWN

The troubles of the officials of the local state highway commission district have been numerous, in their efforts to get state road No. 39, from Indianapolis to Cincinnati by way of Rushville and Brookville, extended to the proper width so that it will be safe for the heavy travel which it carries, according to advice received here.

The latest difficulty has arisen in Brookville, it is reported. The road has been widened and is in fine shape from here to the Balltown hill, but because of the attitude of a young attorney of Brookville, who has advised farmers living in the vicinity of Brookville not to set back their fences so that the improvement can go on. It is not known why he has opposed the widening of the road, when the delay is causing much traffic between Indianapolis and Cincinnati to be routed by way of Shelbyville, Greensburg, and Batesville. Brookville business men are suffering because of this, a fact which they have not seemed to realize.

Elsewhere along the road, it has been widened, farmers and business men of the towns through which it passes have taken a just pride in the highway. Although the telephone company has stopped moving back poles along the right-of-way at the west end, the commission expects the company to get busy at once, and a farmer living near Indianapolis, who has delayed the work on the road, has at last consented to move his fence, it is reported.

## SAW MRS. CLARA PHILLIPS

Principal Witness Against Escaped Murderess Found By Police

Los Angeles, Calif., Dec. 6.—Peggy case, the chief witness against Clara Phillips in her trial for murder was found at Long Beach today by Deputy Sheriffs.

Mrs. Cassee disappeared at the time of Mrs. Phillips escape from jail Tuesday. "I believe I saw Mrs. Phillips on the streets of Long Beach yesterday at noon," she said. "She was in high state of nervous excitement."

Rumors that Mrs. Phillips may have escaped by airplane were strengthened with receipts from San Diego authorities that two planes of unknown identity had been observed flying across San Diego to Mexico.

## SIX ARE KILLED IN COLLISION OF PLANES

Crash Occurs 300 Feet in Air Over Langley Flying Field at Norfolk, Va., Today

BOTH MACHINES CATCH FIRE

(By United Press)

Norfolk, Va., Dec. 6.—Two officers and four enlisted men were killed at Langley Field today when a pursuit plane, piloted by Major General Guy L. Gearheart, collided in the air with a Martin Bomber plane, commanded by Captain Benton A. Doyle.

The crash occurred approximately 300 feet in the air and directly over the flying field. Three of the men were killed when the ships crashed to the ground and the other three were burned to death.

Captain Doyle was leading a formation of five bombers that were just taking off. The ships had hardly cleared the ground before the pursuit plane piloted by Major Gearheart headed directly toward the V formation. It is believed the steering gear on his machine went wrong as he appeared to spectators on the ground, to be making every effort to turn the course of his ship.

The four bombers trailing Captain Doyle's ship, managed to escape the collision by climbing above the wrecked machines. They circled the field, making a hurried landing and rushed over to the two planes which caught fire when they fell.

## OPERATORS PRESENT PLAN TO BRING PEACE

Submitted at Joint Meeting of Miners and Operators Appointed to Reorganize the Industry

FOR SEPARATE WAGE SCALES

(By United Press)

Chicago, Ill., Dec. 6.—Operators of bituminous coal mines today presented a plan designed to bring peace in the coal industry.

The plan was submitted to the joint conference of miners and operators appointed in October to adopt measures to reorganize the industry.

It provided for three changes in the present system of reaching wage agreements:

1.—That fifteen individual districts make wage scales independently of all others.

2.—That in event such agreement can not be worked out, the differences shall be referred to a board of arbitration. This board shall be appointed by the president of the United States and is to be composed of one miner, one operator and one person not identified with the industry.

3.—That the wage agreements carry a clause providing for a flexible wage scale based on the conditions prevailing to allow free competition between all districts.

Opposition by union leaders to clause No. 3 providing for a flexible wage, was so bitter that the operators withdrew it temporarily from the plan with the understanding that it would be considered again at the joint meeting in January.

## CENTER TOWNSHIP CASE UP IN COURT

Judge Sparks Hears Petition of Frank Hall and Alonzo Rhodes For Repair of Tile Drain

NO PRISONERS IN THE JAIL

Last One is Released When Paternity Proceedings Against Gip Martin are Compromised for \$75

Court was occupied today with the petition of Frank Hall and Alonzo Rhodes for repair of the Samuel L. Trabue tile drain in Center township and the matter was submitted for trial on preliminary hearing and on remonstrances. The case was heard by the court without a jury, and there was some doubt expressed whether the case could be completed today.

The jury will be used Thursday in a civil suit of John Gibson against the Pennsylvania railroad, a complaint of \$350 damages, provided that the case today does not overlap tomorrow.

The Rush County jail was empty today, the first time in several weeks. The last of the prisoners Gip Martin colored accused of paternity charges in the circuit court obtained his release late last night, when the matter was compromised for \$75 with the prosecuting witness, Miss English.

Four prisoners were in jail over the week-end, one being released on bond, two committed to the penal farm and the fourth one being Martin.

Just how long the jail will remain empty is an uncertain thing, and sometimes Sheriff Hunt does not have enough time between prisoners to have the jail cleaned thoroughly. Sheriff Hunt and police Chief Blackburn made a trip to the penal farm Tuesday, taking with them Hubert Moster and Charley Sweet, one convicted in the city court and the other in the circuit each on liquor law violations.

Among the new business in the circuit court is a suit filed by Sylvester Kirkpatrick against George H. Puntenney and Harry A. Kramer, the complaint being on a note, in which the demand is for \$485. The note is alleged to be long past due, and the interest is double the principal.

## MAKES A PLEA FOR CLEAN H. S. ATHLETICS

A. L. Trester, Secretary of State High School Athletic Association, Speaks to Kiwanians

OFFICERS FOR 1923 ELECTED

New officers were elected for 1923 at the regular meeting of the Kiwanis club today noon at the Social club and members of the club heard an address by Arthur L. Trester of Anderson, permanent secretary of the Indiana High School Athletic association, who came here to address the high school this afternoon as a part of the local observance of American Education Week.

Dr. J. B. Kinsinger was elected president; Amos Baxter, vice-president; Wilbur Stiers, treasurer, and J. T. Arbuckle, trustee. Members of the board of directors chosen were: Byron Cowing, Raymond C. Hargrove, John P. Frazee, Sr., Carl Hester, Norm Norris, Irvin Kinnear and Frank Catt. The officers are ex-officio members of the board. They will be installed at the first meeting in January.

Mr. Trester emphasized the importance of physical education in the schools and told what the state athletic association is trying to do for high school athletics. He expressed the belief that physical education is just as important as moral and mental education. Mr. Trester said that clean athletics is the main aim of the state association, and that the chief source of trouble was not in the schools but on the outside among supporters of the teams.

## GOOD SHOWING IS MADE FIRST DAY

Sum of \$125.60 is Rolled up in Christmas Seals Campaign, One Sale of \$50 Being Recorded

SORORITY DOUBLES PURCHASE

Mayor Walter R. Thomas Opens Drive by Buying \$5.00 Health Bond—Workers Encouraged

The Christmas Seals campaign in Rush county made a marvelous beginning, according to the first report made public today, which showed \$125.60 worth of Seals and Health Bonds sold the first day.

Mayor Walter R. Thomas opened the campaign with the purchase of a \$5.00 Health Bond The Psi Iota Xi sorority, which is in charge of the sale, doubled its subscription of last year by buying a \$50.00 bond. The Peoples National bank and the Peoples Loan and Trust company was another one of the larger purchasers, investing in a \$25.00 bond.

The hearty support being given the workers from all sources is most encouraging to them. They regard it as an appreciation of the service of the visiting nurse, the Modern Health Crusade in the public schools and the tuberculosis clinics, for which the proceeds are used.

Many of the campaign methods of former years will be used this year. A plan used effectively last year was for factory men to work overtime and give what they earned by this means towards the Seals fund.

Sales to date are as follows:

Walter R. Thomas	\$5.00
Psi Iota Xi Sorority	50.00
Rush County Mills	5.00
Mrs. C. G. Clark	1.00
S. L. Innis	1.00
A. L. Gary	1.00
V. C. Bodine	1.00
John B. Morris	1.00
Mrs. Belle Cosand	1.00
James Foley	1.00
Ed Crosby	1.00
Anna L. Bohannon	10.00
Billy Oneal	1.00
Will Brann	1.00
Roy Evans	1.00
J. B. Kinsinger	1.00

## DEFENSE FIGHTS BACK IN MILK TRUST TRIAL

Tries To Prevent Presentation Of Evidence To Show Companies Keep In Close Communication

MOVE TO HOLD UP PRICES SEEN

Indianapolis, Ind., Dec. 6.—A determined fight was made by counsel for the defense in the state milk trust suit today to prevent presentation of the evidence that the dairy companies kept in close communication by telephone.

The managers of the Bell telephone company at Muncie and Frankfort were asked by Attorney General Lesh in an effort to show how many telephone calls had been handled between the defendant companies in various cities, but they declared their records of such calls had been destroyed in accordance with their plans.

Attorney General Lesh then introduced E. J. Castner, an expert accountant of Indianapolis, who examined the telephone company's book last year and endeavored to show by his testimony that the companies kept close tab on prices charged by others.

Representatives of the Sugar Creek Creamery company of Danville, Ill., operating all over Indiana, testified that their companies were subject to strong pressure to bring them into line on prices. Citizens of Bloomington, Pittsboro and Brownsburg were placed on the witness stand to show that collusion existed between the Indiana manufacturers of dairy products and 38 companies throughout the state in 1921. The attorney general appeared satisfied that he was building a strong case against the defendants.

## SAFETY SAM

Tib Markle was just tellin' me he hopes that South Bend perferessor don't drive an auto, him changin' his mind as quick an' often as he does.

## LIST OF QUERIES TO BE ANSWERED

Birney D. Farthing, County Superintendent, Urges School Patrons To Read Them Carefully

EDUCATION WEEK PROGRAM

In Lists Lies Many Good Suggestions For Those Interested In Rush County Schools

Birney D. Farthing, county superintendent of schools, in connection with the observance this week of National Education Week, has compiled a list of 36 questions on the subject, which should be answered mentally by the school patrons, and those interested in the welfare of education.

The observance of the educational week is progressing nicely in this county, and practically every school room this week has had their attention drawn to the movement either with addresses or some other appropriate exercises.

In the list of questions outlined by the county superintendent, lies hidden many good suggestions, which if taken to heart by the school patrons, would no doubt go a long way in putting Rush county forward in school work. The list suggested is as follows:

How many illiterates are there in your community?

What are you doing about it?

Is the compulsory education law of your state enforced in your school district?

If not, why not?

How many days are there in the school term of your district?

How many days will your child attend?

In the course of a year, 365 days, how many hours is your child in school?

How many hours in the street?

Where are the play grounds in your city?

Are they where the children are—at the school buildings?

If there are play grounds at the school buildings, are they used during vacation, under the direction of a play supervisor?

Is the teacher of your child a graduate of a normal school or teacher's college?

If not, why not?

Should not the teacher of your child have as much professional training as your physician, dentist or lawyer?

Does your school board appoint a superintendent of schools at a large salary and then attempt to do the things that the superintendent should do?

By what standards does your board of education judge the superintendent?

Can your community afford to support better schools?

Can it afford not to?

Have some of the best teachers in your school gone to other cities to teach?

Why?

Do you ever keep your children out

## OPENS CAMPAIGN ON FAST DRIVING

Mayor Walter R. Thomas Announces at Council Meeting That Recklessness Must Stop

INSTRUCTIONS TO POLICE

City Finances in Good Shape as Year Draws to a Close—Poplar Trees Should be Cut

Following close on the war directed at speeders in Indianapolis, Mayor Walter R. Thomas of this city, Tuesday night at the regular meeting of the city council, stated that police officers here would be notified to put a stop to speeding and reckless driving, and a campaign will be waged at once to prevent any serious accident which might result from fast driving.

The orders of the mayor will be passed among the police, and they will be ordered to patrol the streets in an effort to catch the numbers of the license plates where the owners can not be halted, and a warning was issued that all speeders will be given a hearing before the mayor.

The mayor stated that there is considerable speeding at nights, up and down the streets, and much reckless driving takes place at all times. People also are warned to watch their speed in the school zone districts, which are marked by signs in the vicinity of school houses.

The session of the city council was short last night, and only the usual affairs were taken care of, which included the payment of a large number of claims and bills which fall due toward the end of the year.

The city treasurer's report stated that there was \$19,000 on hand in the general fund, and a note for \$5,000 was ordered paid off at a local bank. Utility earnings for 1922, amounting to \$12,000, also will be paid to the water and light plant, and a note of \$5,000 borrowed from the general fund by the water and light fund, will be paid back, putting the city finances in fairly good shape at the close of the year.

The street department was allowed permission to order a car load of screenings for winter repair work

Continued on Page Two

## MAY DOUBLE LAST YEAR'S MEMBERSHIP

Reports Coming In From Red Cross Roll Call Indicate Renewed Interest In All Of The Townships

CITY TO PASS 1921 RECORD

Although reports on the annual Red Cross Roll Call, which was supposed to end Thanksgiving Day, are not yet complete, there is little doubt but that the proceeds from the campaign will far exceed those of the 1921 campaign. The sum of \$1,190 was raised last year and as most of the townships are more than doubling what they gave last year, there is every reason to believe that the total will be almost twice as that of 1921.

Orange township, which contributed last year only \$5.00, has so far this year reported \$43.25. Posey, complete reports show \$98.63 as compared with only \$18.00 last year. Walker township has turned in the equivalent of 160 annual memberships, 11 coming from the east side of the township and 60 from the west. Last year the east side gave nothing and the west \$67. Anderson so far has turned in 81 annual memberships and more are expected to be forthcoming. Union, which is incomplete shows \$32 reported as compared with \$5.00 last year. Jackson township has reported \$13, Rushville outside of the city \$18, Richland \$49 and Center \$6.00. Noble township, which has not been completely canvassed, has reported \$48.50.

Rushville city is expected to surpass last year's record although the city last year gave the bulk of the total subscribed for memberships.

# CATTLE EXHIBITED AT LIVESTOCK SHOW

International Exposition at Chicago  
is Big Attraction for Stockmen  
Who Compete for Honors

## MANY PRIZE COWS ON FLOOR

Chicago, Dec. 6—The blue bloods of cattledom monopolized the big judging arena of the International Livestock Exposition today.

Several champions already picked strode proudly about the grounds exhibiting their ribbons, symbols of world leadership in their class. Others to be judged today looked sleek and fat, fit for the strongest of competition.

Chenoweth Jock, pure bred Kentucky short horn steer, carried his honors proudly. He was named grand champion of the show, the highest honor of the livestock world.

Chenoweth's honors will be short lived. Thursday he will be led into the arena and sold to the highest bidder for Christmas beef.

State colleges of agriculture carried off the bulk of the honors in fat sheep raising. The University of Illinois won championship honors for fat Shropshire wethers and grade and cross-bred wethers. Kansas won in the Cotswold and Dorset classes. Kentucky was winner in the Hampshire and Cheviot classes and Iowa state college had the champion fat Oxford wether.

# WOODROW WILSON MAY REGAIN HIS HEALTH

Former President is Expected to Recover Completely From Stroke of Paralysis

## SUFFERED THREE YEARS AGO

Washington, Dec. 6—Woodrow Wilson, who has made a game uphill fight for the last three years to regain his health, may recover completely from a stroke of paralysis which came upon him as the result of arduous labor he put on the league of nations. This information was given the United Press today by one of the former president's closest friends, who has been a constant observer of his steadily improving condition.

Mr. Wilson never will recover the robust health he enjoyed during his presidential administration, as his long illness has greatly taxed his strength, at an age when vitality can not be regained easily. But it is believed the effects of the paralysis will soon disappear and he may again enjoy the free use of his arms, legs and muscles, for the first time since he was stricken in the White House three years ago, when he was forced to abandon the league of nations tour.

Mr. Wilson is able to walk more than a few steps without assistance, Rear Admiral Carry Grayson, his personal physician, said today.

At present Mr. Wilson strolls in the gardens of his S. street home without assistance. He carries his famous malacca cane, but is using it as means of support less and less each day. He has taken no walks on the streets. The recovery of the former president thus far has been remarkable, physicians here agreed. If he is able to shake off completely the effects of the paralysis, it would be a miracle as men of his age are rarely able to recover from such a severe stroke as he suffered, physicians hold.

# JOHN M'CAULEY SUCCEUMBS

Former Rushville Man Who Died at Tipton to be Buried Here

Word was received here today of the death of John McCauley, a former resident of this city, which occurred this morning at his home in Tipton, Ind., following a long illness with kidney trouble.

Mr. McCauley was born and reared in this county, having left here a number of years ago to reside in Tipton. His wife preceded him in death a few years ago. The survivors are two daughters, Mrs. Arvinna Hershmann, who made her home with her father, and Mrs. Betty Berkhardt of Crawfordsville, Ind. A number of distant relatives live in this city.

The funeral services will be held Friday morning at the late residence in Tipton, Ind., and the burial will take place in the East Hill cemetery, this city, about 2:30 o'clock, the time when the funeral cortege is expected to reach this city.

# TRIBUTE TO FORMER PRESIDENT

A silent prayer by one great hearted fighter for another: Ex-Premier Georges Clemenceau, of France—"The Tiger"—offering up a silent tribute at the grave of Theodore Roosevelt at Oyster Bay, L. I.

# DEMANDS FREEDOM OF THE DARDANELLES

Ambassador Child Tells Conference America Wishes to Send Warships Where She Desires

## ALLIES STANDING TOGETHER

(By United Press)

Lauzanne, Dec. 6—Ambassador Richard Child, America's observing delegate at the Near East conference, arose this morning upon the assembling of the delegates and declared that America wished the right to send warships anywhere it desired. Therefore, he demanded complete freedom of the Dardanelles, both for merchant ships and war vessels.

In the face of an apparent alliance between Turkey and Russia the allies have agreed to bury their differences and stand together on the question of the Dardanelles.

The British were willing, it was announced today, to accept conditional freedom of the straits for war ships provided Turkey would not erect fortifications. To what extent warships are to be subjected to a commission of control was to be stated today at the conclusion of the next session of the parley.

The Turks were to be given the presidency of the control commission with two votes in the hope that they would abandon the extreme views of the Russians.

As a result of the allied agreement optimistic feeling prevailed today in conference circles.

# WIDE OPEN TOWN ON SIX DAYS OF WEEK

Wabash Blue Sunday Enforcement Also Works The Other Way During Week Days, Report Says

## PETITION IS CIRCULATED

Wabash, Ind., Dec. 6—A model blue law town on Sunday leads to unlawful tendencies during the other six days of the week.

On such a premise is based a petition going the rounds here today in an effort to end the Wabash blues and make life worth living here on Sabbath after the preachers preach and the church choirs sing.

The city administration screwed down the lid tightly Sunday. Even cigarette smokers had to roll their own. The petition states that Sunday restraint opens the way for crap shooters, gamblers and others to have their fun from Monday until Saturday. Several prominent business men have signed the paper.

Chief of Police Bolte says his force of seven men will be directed to enforce the blue laws until a vote of the people rules otherwise.

# WITH FARMERS IN WASHINGTON

Gray Silver is the Washington Representative of the American Farm Bureau Federation. His office is in the Munsey Building, Washington, and he watches what is going on at both ends of Pennsylvania Avenue. It was Gray Silver who organized the Agricultural Bloc in Congress and thereby got passed and signed more bills that the farmers were asking for than were ever passed by any Congress since the gavel first fell in the old capitol in Philadelphia.

Gray Silver is a farmer, and lives at Martinsburg, W. Va., where his apple orchards are famous. He was born in 1871 at White Hall, Va. He owns and operates orchards and general farms in the Shenandoah Valley, and also in Illinois and Arkansas. He breeds Shorthorn cattle and Shropshire sheep, and ships carloads of cattle, wool, apples, rice, wheat and corn. Mr. Silver is president of a federal farm loan association, director in a farmers' mutual fire insurance company, and director in a farmers' mutual telephone company. For two terms he was a state senator in West Virginia.

When the American Farm Bureau Federation was organized, Gray Silver was picked out to represent the new farmers' movement in Washington. He has made good, too—because both Republicans and Democrats are his friends and because he champions the cause of our farmers and does not admit partisan prejudices to interfere.

PRESIDENT HARDING'S SPEECH at the National Agricultural Conference gave some good reasons why the Farm Bureau is needed by the farmers today.

In comparing agriculture with other business, he said: "The farmer who owns his farm is a capitalist, executive and laborer all in one. As capitalist he earns the smaller return on his investment. As executive he is little paid; and as laborer he is greatly underpaid in comparison to labor in other occupations."

President Harding also asserted that a study of the co-operative movement shows, "that the farmer is as good a business man as any other when he has his chance; that he is capable of organization, co-operation and co-ordination; that he will apply sound methods to his business whenever he has the chance; that his credit can be better established, his particular needs of capital on terms suited to his requirements can be met; that, these things accomplished, he ceases to be an underpaid laborer, an unpaid executive, and a capitalist with an unremunerative investment."

## Another Corn Husking King

When Edward Rader, living on the Tom J. Mull farm near, Manilla, claimed the corn shucking championship of Rush and Shelby counties, he acted rather hastily, it would seem. First came A. L. Shillings of Posey township, who challenged Mr. Rader's record, and today Richard Amrhein, employed by Ernest Berninger on the Alvan Moor farm northeast of Rushville, has laid a claim to the crown. He says he shucked 1,944 bushels in sixteen days. Mr. Shillings' record is 2,187 bushels shucked and 15 bushels selected for seed in twenty days, and Mr. Rader's record is 2,078 bushels shucked in twenty days.

## OPENS CAMPAIGN O NFST DRIVING

Continued From Page One

on the streets. The matter of cutting down the deadened poplar trees, was taken up, and the city officials believe that the time has arrived for the removal of the dead trees, which were ordered stripped several months ago.

No permission is needed to chop down these dead trees, and it is urged that they be taken out now, before ice and wind storms arrive as danger of falling branches might cause serious damage.

Attention also was called by the council of people dumping ashes, or scattering them in alleys and streets, which is contrary to a city ordinance. The street commissioner will report such offenses to the police, and arrests may follow if the practices are continued. Ashes should be piled and hauled off by the persons who deposited them in the piles.

The city council will meet once more this year, on December 19, to transact regular business, and a special meeting will probably be held January first at noon, following the usual custom.

SCRATCH PADS—For sale at the Daily Republican Office.

Scratch Pads for sale, 2 for 5c at The Republican Office.

PERSONAL POINTS

—Harry Osborne has returned to his home in this city after an extended business trip through Mississippi and Georgia.

—A. L. Gary transacted business in Shelbyville and Indianapolis today.

—T. M. Green went to Brookville, Ind., this afternoon where he transacted business.

—The Misses Bertha Helm and Elizabeth Hackleman left today for

Miami, Florida, where they will spend the winter.

—Frank Reynolds will leave this evening for Los Angeles, California, on a few weeks business trip.

—Mr. and Mrs. W. A. Allen left today for Orlando, Florida, where they expect to spend the winter.

—Dr. and Mrs. C. L. Smullen of Raleigh were visitors in this city today where they transacted business.

—Mrs. Lettie Armstrong was called to Harrison, Ohio, the first of the week, on account of the serious illness of her mother, Mrs. A. M. Lyons who is suffering with pneumonia.

LIST OF QUERIES TO BE ANSWERED

Continued from Page One  
of school to attend matinees and parties and then wonder why they do not get along in school?

Are there evening schools in your city?

If you do not have kindergartens, why not?

Do you think that the one-room county school is as good as the consolidated school?

If so, visit a consolidated school. Is the little one room school house, the last reminder of pioneer days, good enough for the Twentieth Century?

Is the ox-cart?

Is there a parent teachers' association connected with your school?

Are you a member?

Are the class-rooms, auditoriums, gymnasiums, playgrounds and shops of your school building in use all of the time school is in session, or are some of the rooms vacant part of the time?

What is needed to make the rural schools as good as the city schools?

Why is it that only 13 out of every 100 children entering the first grade of the public schools remain to complete the twelfth grade, or the last year of the high school?

What are you going to make American Education Week a great success?

HAS DOUBLE PNEUMONIA

Mary Jane, little daughter of Mr. and Mrs. Kenneth Roller is seriously ill with double pneumonia.

The Surety of Purity

There are no miracles in cooking. What goes into the food must inevitably come out.

Even the baking perfection that results from the use of Royal Baking Powder is no miracle.

It is simply the result of absolute purity entering the food—and emerging again.

Royal is made from Cream of Tartar derived from grapes.

SMOOT TO BACK SALES TAX IN NEXT CONGRESS

Senator Will Become Chairman of Senate Finance Committee in 68th Congress

ASK REVISION OF TAX LAWS

Washington, Dec. 6—A new campaign for the sales tax as the backbone of the American system of taxation will begin when the 68th Congress comes into office March 4, next.

Senator Reed Smoot, Utah, chief apostle of the sales tax in the Senate, will then become chairman of the powerful Senate finance committee.

Tax laws are written in the house ways and means committee—and rewritten in the senate finance committee. Smoot, who fought in vain to have the sales tax idea accepted in the 1920 tax law, said when defeated then that before many years the sales tax would be accepted and would become the foundation of the whole taxation scheme.

Revision of the tax laws will be one of the earliest demands upon the new congress. Republican leaders probably will resist any general rewriting of the law, though political strategy may dictate their acquiescence in the demand for a new law. Smoot is ready to take up the cudgels for his sales tax plan when tax revision time comes around.

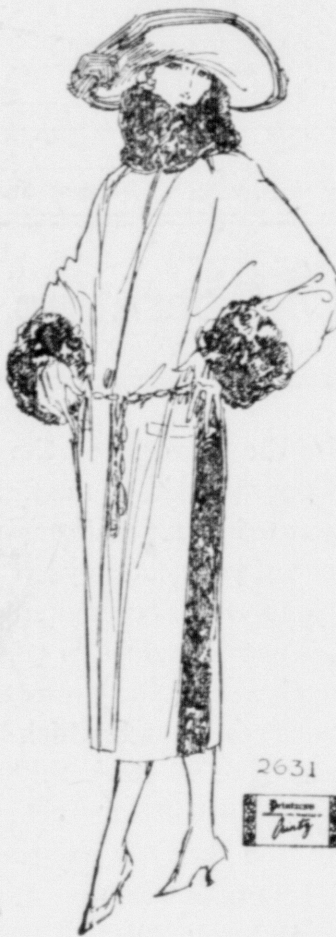

Revival of the excess profits tax is another suggestion certain to be advanced, probably by the Democrats, who want it put back in modified form. The keynote of the Democratic assault on the Republican tax law will be lightening of taxes on small business and individuals of small means and placing of heavier imposts on big business.

MRS. FRANCIS CARR DIES

Mrs. Francis Carr, age 71 years, a native of Rush county, was buried Monday afternoon at Indianapolis, according to an Indianapolis dispatch. Mrs. Carr was the wife of C. W. Carr, formerly a contractor of Rushville and Richmond, but who had resided for 40 years in Indianapolis. Mrs. Carr was a sister of Charley Lyons of this city, and besides the husband, she was survived by two sons, and a daughter, two sisters and the brother who live here.

## Christmas Seals

The annual appeal for funds to  
stamp out tuberculosis and its allies  
is once more being made. That Rush  
county will respond nobly is a fore-  
gone conclusion. The aim of the  
workers is to increase the sum  
raised last year and thus continue  
Rush county as one of the foremost  
in the state in this work.As everyone in Rush county  
knows, or at least should know, the  
proceeds from the sale of the little  
holiday stickers is not alone for  
tuberculosis work, but for a general  
health program. Any work that is  
designed to improve the health of  
the community is closely allied with  
tuberculosis work because a com-  
munity made up of healthy people  
will be a stranger to tuberculosis.  
Keeping the health of the people  
good and teaching the children so to  
live that they will become strong  
men and women, is the best possible  
method of preventing tuberculosis  
from gaining a stronghold. Good  
health and this disease are not on  
good terms and never associate to-  
gether.So the work of the city visiting  
nurse, which is supported largely by  
the money derived from the sale of  
Christmas Seals, is a preventative  
measure. She is endeavoring to im-  
press on the minds of the school  
children the necessity of living prop-  
erly in order to have a strong body  
that will ward off disease, through  
the Modern Health Crusade. Exami-  
nation of school children for bodilydefects warns the parents early so  
that they may be corrected and the  
health of the child not impaired.All of the health work of the  
county is so closely knit up togeth-  
er and so well organized that Rush  
county is to be congratulated on the  
splendid service which is being per-  
formed to make the people of the  
county stronger and healthier and  
therefore more prosperous and hap-  
pier.The work that the city health  
nurse is doing in Rushville is being  
duplicated by the county Red Cross  
nurse, in the Modern Health crusade  
and the examination of school child-  
ren. The tuberculosis clinics, too,  
which are made possible by the Seals  
campaign, are a direct method of  
ridding the county of tuberculosis  
and thus removing the chances for  
others to become afflicted.The county board of children's  
guardians also is engaged in a very  
valuable work in trying to conserve  
the health of the children and in  
correcting defects and ailments that  
appear through the medical exami-  
nation of school children.All of these agencies are working  
for the betterment of the people of  
the whole county, and those who are  
engaged in the various enterprises  
are entitled to the greatest praise  
possible to be given them for the  
unselfish service they are giving.

## From The Provinces

Studying American Methods?  
(New York Herald)An Austrian village the affairs of  
which were formerly administered  
by one official now has 500 individ-  
uals in its political establishment. In  
this case it cannot be denied that  
notable progress toward popular  
rule has been made.Consumers' Job to Find Price  
(Memphis Commercial Appeal)The Coal Fact Finding Committee  
will begin public hearings December  
13. The consumer may be given the  
facts next summer, but he must buy  
his coal this winter.Method in Their Madness  
(Detroit Free Press)The "dry" vote in California  
creates a suspicion that there is  
more money in raising raisins for  
"you know what" than there ever  
was in making wine.Notes Just Make 'Em Laugh  
(Indianapolis Star)The allies have sent Germany a  
sharply worded note. Pshaw! Ber-  
lin learned to like that kind 'way  
back in the Wilson Administration.Doesn't Mean It Has Much Coal  
(Boston Transcript)It begins to look as if the country  
might have coal enough to keep the  
fires burning until the date of the  
next strike.Somebody Else Gets Ours, Too  
(Pittsburg Gazette Times)Per capita circulation increased  
40 cents in October, but we appear  
to have been overlooked in the dis-  
tribution.Just What Did It Help Out?  
(Indianapolis News)The shopmen's strike cost the  
Government \$1,250,000, and that  
doesn't help out the deficit any,  
either.Yes, He Has To Buy Coal, Too  
(Florida Times-Union)Picking "Barney" Barnum, the  
New York multimillionaire, to head  
the proposed third party indicates  
a far-bighted look into "Barney's"  
barrel. But "Barney" may buck.Hasn't He Been Called All of 'Em?  
(Philadelphia Record)It is wrong to call Senator Reed,  
of Missouri, a Democrat. There are  
any number of things that he might  
more properly be called.

## Co-Operative Marketing Approved

In the passage of the Capper-Volstead co-operative marketing  
bill, Congress said to the farmer: "It is to the national good that you  
co-operate in your marketing. We'll make it smooth for you. Now for  
the love of your country get together!"Congress has even stamped its approval on monopolies—providing  
trade is not restrained or prices unduly raised. We need not be afraid of  
monopoly. For the protection of the purchasing public a new set of  
machinery is erected which leaves it up to the Secretary of Agriculture  
to determine whether the law is being broken by the co-operatives,  
and if it is he will hale them into court. For instance, if the Secretary  
should find that the association has restrained trade so as to enhance  
the price unduly he would order the association to desist. Should the  
association continue to operate in a manner intended to advance prices  
unduly the Secretary after 30 days would bring suit in the United  
States Court. The testimony gathered by the Secretary would be  
presented to this court to expedite proceedings and the court is given  
complete jurisdiction to mete out justice.This should settle the cry of those who wail about farmers keeping  
the price up. When the farmer sells in quantity he cuts down the cost  
of sales. The expense saved is added to his profits. The merchant  
should understand the principle of co-operative marketing. The  
grocer gets his goods cheaper than he can afford to sell them because he  
buys in quantity. If the wholesale houses sold one can of beans or one  
hat at a time they would either have to operate without profit or charge  
more. The farmer is tired of operating without profit but he does not  
expect to charge more. His scheme is to cut down overhead expense.  
The legitimacy of his proposal is recognized by the United States  
government. Efficiency by co-operation has been practiced by all  
other industries for some time.Those who condemn farmers' co-operative marketing associations  
can now take their positions near the back, just in front, please, of those  
who believe that the devil is in the fiddle and a dog always howls just  
before somebody diesCan You Beat That?  
(New York Herald)Importing a screen actor from  
France to do cowboy scenes in  
America motion pictures seems like  
taking more than the usual amount  
of trouble to carry coals to Newcas-  
tle.It's Shame to Wake Him Up  
(Pittsburg Gazette-Times)Ohio's Governor-elect things good  
roads should be built for \$4,000 to  
\$5,000 a mile. We fear that is only  
an "iridescent dream."Congressional Record Please Copy  
(Dallas News)A man who was lost nineteen  
years was found through an adver-  
tisement in this paper. If you don't  
know where you are advertise for  
your whereabouts.We Don't Care Much For War  
(Pittsburg Dispatch)It may be, as the Secretary of  
War says, that we spend three  
times as much for candy and chew-  
ing gum as for war preparations,  
but the answer is that we get more  
satisfaction out of them.

Appetite laughs at laws and Supreme Courts.

A hobby that gets you up early in the morning is  
one that will add to your years.When a good thing comes along, everybody should  
shove over and make room for it.The thing that counts biggest in business is the num-  
ber of times the cash register rings.Ambition is frequently that condition of mind that  
seeks a way to be relieved of the necessity for working.

## Champions by Proclamation

By HENRY L. FARRELL  
(United Press Sports Editor)

New York, Dec. 6—New methods of awarding championships and amputating titles are now the vogue. The old established methods of deciding superiority by combat are giving away to a more modern way of legislation.

The most prominent example of ignoring the old fashions came in the case of Battling Siki, the Senegalese fighter, who had several European titles taken away from him by the French Boxing Federation.

Long before this, however, the New York Boxing Commission, started the fad by taking the titles away from Johnny Wilson and Johnny Kilbane and giving them to Dave Rosenberg and Johnny Dundee.

The only difference in the two cases was that the French solons got away with it seriously, while the

New York commissioners got only a laugh.

This new fad spread to football when Columbia beat New York University on the referee's decision—real ring like.

The game ended with the score N. Y. U. 7, Columbia 6, but two days later the referee decided he had made an error of judgment and he took a touchdown away from N. Y. U. and gave only a safety, giving Columbia the game.

Ban Johnson, the exalted president of the American League, has never tried to be left behind times and he provided another good example when he went over the head of one of his scorers and made Ty Cobb a .400 hitter for 1922 by a presidential message.

Cobb finished the season needing one hit to put him in the enviable .400 class for the third time. Johnson looked over the books and decided that the scorer who charged Everett Scott with an error on one of Cobb's hits last May in New York was wrong and that it should have been a hit.

The Yankee club owners, along this line of reasoning, might argue that forty of Babe Ruth's flies should not have been caught last season and that he ought to have been the champion Buster instead of the Bust.

The most unique case came to light when Pinky Mitchell, Milwaukee boxer, was elected the American junior welterweight champion.

Pinky got more votes than all his rivals in an election conducted by a boxing magazine and he was awarded a belt.

The new champion is safe for another term as he can't be knocked out, according to law, before another election.

Charley Paddock had a little experience along the same line. He had a flock of sprinting records taken away from him because the A. A. U. executives said it couldn't be done.

Paddock wasted a lot of time for nothing. The next time, perhaps he will go to the A. A. U., lords and ask:

"Is it possible for me to make some new records?"

## INDOOR SEASON TO BE INTERESTING ONE

Competition and Talent That is in View is Enough to Insure Exciting Races This Winter

### VETERANS FEEL THE CALL

By JACKSON V. SCHOLZ  
(U. P. Staff Correspondent)

New York, Dec. 6—The coming indoor season promises to be the most interesting one that track fans have had the privilege of looking forward to for sometime.

The competition and talent that is in view at this early date is enough to ensure a big percentage of exciting races in every meet of the year.

Athletes themselves are making greater efforts than ever before. Thousands of youngsters are in training and the veterans, who have alone their share of the honors and have sworn a dozen times to hang up their shoes, feel the call once more, haul out their togs, stained with the oil of many a rub, and test the rather questionable pep in their legs in preparation for the "come-back" they have promised themselves from year to year.

Loren Murchison has returned to his old stamping ground and will be very much in evidence at all the big affairs.

Murchison is the class of the field at present and has proved himself to be the fastest performer of the board for the last several seasons.

Bob McAllester, national 100-yard champion, is going to cause somebody a lot of trouble and disappointment when the meals are dished out and that such stars as Lever, Laconey, Jennings and Webers will also have a finger in the pie.

The answer will be a loud "No" and Charley will save a lot of wind and energy.

If any one can come to the front and prove that a boxer can't be knocked out with a blow on the shoulder, they would have to fight the Dempsey-Carpentier fight over again.

## SPORT CHATTER

Danville, Ky. — "Uncle Charley" Moran has resigned a new five year contract to coach football at Centre college. Plans have been approved to build a stadium to his honor at the college.

Paris.—"If he is a good boy meanwhile," Battling Siki can have a new license as a boxer when he serves his nine months' suspension, the French boxing federation has announced.

New York.—Dave Rosenberg, former worlds middleweight champion, was set down for thirty days for fouling Mike O' Dowd in their recent fight. Rosenberg was suspended previously for not fighting O'Dowd and now he got the air for fighting him.

West Point, N. Y.—The Army eleven wants games next fall with Yale, Iowa and Notre Dame. An October date has been accepted for the Yale game and negotiations are pending with Iowa, Notre Dame, Johns Hopkins and North Carolina.

Brockton, Mass.—Ronald Phillips, captain of the Lawrence high school football team, broke his wrist in the first period against Brockton high school but went back in the game and remained long enough to break his leg when he was retired for good.

New York.—Joe Lynch, bantam weight champion will defend his title in a 15-round bout with Midget Smith New York, in Madison Square, Garden, on December 22.

## MEMBERSHIP TO BE DOUBLED IN DRIVE

Continued From Page One

it was supplemented by a short speech by Fred Bell, president of the county association. Mr. Bell will also accompany Mr. Hill to the Posey township meeting at Arlington tonight. Special entertainment will be provided there by Fitch-Cooper of Elwood.

At the Washington township meeting, which was held last night at the Raleigh hall, practically every farmer in the audience signed a membership blank and became a member, and the committee was making a thorough canvass of the township today to give every farmer an opportunity to belong. John Covert made the address at Raleigh. He was accompanied by Donald D. Ball, county agent.

With a present membership of 45, Ripley township, where the campaign opened Monday night, is expected to roll up 120 members in the drive. Mr. Patterson spoke at the Carthage Auditorium there and following his address, the association members put on a burlesque that Mr. Patterson regarded as good as anything he had ever seen.

Center and Richland townships, which also opened their campaigns Monday night, have reported more than 100 members already with a few yet to be seen. This will be double the present membership in each township. Noble, the other township opening Monday evening, is handicapped by an epidemic of scarlet fever which kept many farmers away from the meeting.

Mr. Patterson, who has spoken in this county before, is very much enthused with the course the campaign is taking. He complimented the county, in discussing the movement this morning, on the splendid feeling that exists between the country people and those of the towns and the county seats. In his two days of campaigning, he asserted that he had not heard a discordant note and that such a condition is bound to make the county a prosperous one, with all of the various interests pulling together.

## FALLS ILL ON VISIT

Mrs. Sallie Auger of this city is seriously ill at the home of her sister Mrs. John Priest, in Lafayette, Ind. Mrs. Auger went to the home of her sister three weeks ago for a visit, and

was taken seriously ill while there. Her condition has gradually become worse, and is not regarded as serious.

The Larline Council, No. 296, Degree of Poahantas, will hold their regular stated meeting promptly at 7:30 o'clock Thursday evening.

Mr. and Mrs. John B. Morris were host and hostess to a prettily appointed dinner party Tuesday evening at their home in North Harrison street. Covers were laid for twelve guests.

The Rebekah Lodge will hold its regular meeting Friday evening at 7:30 o'clock. The Rebekah degree will be conferred upon a class of four candidates and every member is urged to be present.

Mr. and Mrs. Will Knecht, Jr., entertained with a six o'clock dinner party Tuesday evening at their home in North Main street, honoring Mr. and Mrs. William A. Allen, who will leave today for Orlando, Florida, to spend the winter.

Mrs. Horatio Havens delightfully entertained the members of the Coterie Monday afternoon with a theatre party at the Princess theatre. Following the theatre party the members went to the home of the hostess where a delicious two course luncheon was served.

Mrs. Sarah Palmer of West Tenth street entertained at dinner Sunday Mr. and Mrs. John Hier of Newcastle Mr. and Mrs. Dallas Burrow of Greensburg, Mrs. Fred Israel and son of Portsmouth, Ohio, Mrs. Pearl Faurete and sons Marion of Connersville.

The Woman's Foreign Missionary society of the St. Paul's M. E. church will meet Thursday afternoon at 2:30 o'clock at the residence of Mrs. D. C. Compton, 314 West Third street. This is the time of the Christmas meeting and Mrs. J. P. Miller will have charge of the program.

Mrs. Bert Davidson graciously entertained the members of the Tuesday Afternoon Bridge club and two extra tables Tuesday afternoon at the Elks club rooms in East Second street. The ladies delightfully enjoyed the afternoon over the card tables and at the close of the bridge game the hostess served her guests with a most delicious luncheon.

The dance on the Elks winter program, which was scheduled for next Tuesday, evening has been called off on account of inability to get music. The next dance will be Thursday evening, December 28, instead of Tuesday evening, December 26. The date changed so that it would be possible to get Wrights orchestra of seven pieces from Columbus, Ohio.

Mr. and Mrs. Harry Stricker entertained with a six o'clock dinner party Tuesday evening at their home in this city, honoring the birthday anniversary of the latter. Covers were laid for twelve guests and the dining table was artistically decorated for the occasion in a bouquet of pink and white carnations.

Mrs. Carl Behr sang a group of songs before and after the opening of all the Department Clubs of Greensburg which was held in the Y. M. C. A. in that city, Tuesday afternoon. She was accompanied on the piano by Mrs. George Hogsett of this city. At noon the Rushville ladies were very graciously entertained at a one o'clock luncheon by Mrs. Sam Bonner.

Miss Margaret Pitts, daughter of Mr. and Mrs. Henry Pitts, of Morristown, and Lon Gardner, a barber of Manila, were quietly married last Wednesday evening in Shelbyville. The wedding was quite a surprise to their friends as the announcements were not given out until this week. The bride formerly was employed at the Morristown Sun and was very well known in that vicinity. Mr. Gardner is a graduate of the Manila high school and has been employed in the barber business for the past few years.

The W. R. C. Penny Social met Tuesday at the home of Mrs. Ida Lee in North Sexton street, for an all day meeting. At the noon hour the bountiful pitch-in dinner was enjoyed by forty three members and guests. During the business session in the afternoon the following officers were elected: President Mrs. Sarah Guffin; vice-president, Nelle Murphy; treasurer, Josie Webb;

secretary, Mrs. Olive Ketchum. A very interesting program followed the business session. The January meeting will be held at the home of Laura Phillips.

In this month's issue of the World Call, a magazine published by the United Christian Missionary Societies of the Christian church, was an article on the history of the Glenwood Christian church together with the picture of the church and also the members of the Missionary Society, who founded the church. The article was written by the Rev. G. I. Hoover, a former pastor of the church, who is now promotional secretary of the Christian church, located in St. Louis. The ladies of the Missionary society have pledged a large sum of money to pay for the church, and in order to defray some of the debt they are holding a bazaar and supper in the church Thursday.

The Young Ladies Mission Circle and the Woman's Missionary Society of the Main Street Christian church will have a pitch-in dinner Thursday evening at 6:30 o'clock in the dining room of the church, honoring J. C. Ogden and family, of Tibet. This is the annual opportunity for the men and the Missionary Society to be present in the meeting. Other members of the families are cordially invited.

The program to be given following the supper will be as follows: Welcome, Mrs. P. H. Chadwick; Toastmistress, Mrs. L. E. Brown; Bible study, Rev. L. E. Brown; music Mrs. Carl Behr and B. F. Miller; Address, J. C. Ogden, missionary; music, ladies quartet; talks by the Ogden family.

The ladies are requested to please have their baskets at the church by six o'clock.

## SHANK OPPOSED IN SPEEDERS CAMPAIGN

City Judge Wilmeth Refuses to Put Those Under Arrest in Indianapolis Under \$5,000 Bond

25 MILES AN HOUR IS LIMIT

Indianapolis, Ind., Dec. 6.—Mayor Lew Shank faced opposition today in his war against speeding motorists.

City Judge Delbert O. Wilmeth refused to place the speeders under \$5,000 bond as Shank requested and released them when the usual bond was supplied.

Three squads of police started out early to arrest every person traveling more than 25 miles an hour. Thirty-one men and two women were arrested yesterday and all of them rode to police station in the patrol wagon.

Every speeder and every motorist arrested was questioned in connection with the death of two women who were struck by one automobile and ground under the wheels of a second while they waited for a street car.

Mayor Lew Shank dug down into his own pocket and placed a price of \$200 on the heads of the drivers who caused these two most recent of 59 deaths from speeding in Indianapolis during the last year.

### Gigantic Codfish.

The largest single cod of which Wilfred T. Grenfell has a record, he tells in "Labrador," weighed 102 pounds. The record on the Newfoundland banks is held by a fish taken in 1838, which weighed, after being gutted, 136 pounds; the American record by a fish weighing 160 pounds.

### Always Hurt by Visibility.

Order in a house ought to be like the machinery in an opera, whose effect produces great pleasure, but whose ends must be hid.—Mme. Necker.

## THE MAUZY CO.

Rushville, Dec. 6, 1922

Dear Madam:

Doubtless one of your gift shopping problems is wondering what to give to relatives outside of your immediate family, to intimate friends, fellow club members, neighbors--all of whom you want to remember in some attractive way without very great expense.

The many items for a woman's person that may be chosen for five dollars and many of them for considerably less seem particularly appropriate for such gifts.

In fact a definite effort was made to assemble from many markets the most distinctive gifts that might be bought for five dollars or less. These are now displayed in a group which we hope will prove suggestive and convenient.

Gloves, hosiery, sweaters, jap crepe kimonos, toilet requisites handbags, even umbrellas--all dear to a woman--distinguish this group.

Yours very truly,  
THE MAUZY COMPANY

## PREPARE FOR PART IN POLITICS

SECOND ANNUAL CONVENTION OF NATIONAL LEAGUE OF WOMEN VOTERS IS HELD IN CHICAGO

The second annual convention of the National League of Women Voters was held recently in Chicago and questions of great public interest were discussed—among them: Instruction in the public schools on sex matters, a new child labor law, and the urging of more activity on the part of women voters—all of which seem to have met with the almost unanimous approval of the delegates. Photo shows—THE EXECUTIVE COMMITTEE IN SESSION. Left to right: Miss Louis Griffith, Assistant Treasurer, New York; Miss Ruth Morgan, New York; Mrs. Solon Jacobs, third vice-president, Alabama; Miss Margaret Wells, director of the fifth region, Minneapolis; Miss Elizabeth J. Hauser, Gerard, Ohio; Mrs. Charles A. Dietrich, Hastings, Neb.; Mrs. Maud Wood Park (President), Massachusetts; Mrs. F. Louis Slade, New York City; Mrs. Katharine Ludington, Lyme, Conn.; Miss Belle Sherwin, Cleveland; Mrs. Robert L. DeNormandie, Boston; Mrs. Minnie Fisher, Cunningham, Texas; Mrs. William G. Hibbard, Winnetka, Ill., and Mrs. Richard Edwards, of Peru, Indiana.

## The Little Theatre

In keeping with the idea to present as many different forms of dramatic literature as possible the Community Players will present on their first bill Thursday night at the Princess, a serious play, "The Bank Account" by Howard Brock. It is one of the very best of the serious one-act plays by American authors. Howard Brock wrote the play in the play-writing class at Harvard and it was first produced by that group. George Pierce Baker, the professor in charge of dramatics at Harvard, has developed a large number of really talented dramatics from his class—the most famous being Eugene O'Neil, rated by many as the best of the native school of playwrights. "The Bank Account" touches upon a theme that is a part of everyone's

life, unless they are born rich, and even to those people it has a very definite message to convey. The author puts his story into the hands of only three characters and makes them so very real to us that the audience will have little trouble in judging the right and wrong of the question. The play is not a tragedy in the strict sense of the word; yet the situation itself is tragic, hopelessly so.

It is intensely dramatic from beginning to end and has a very strong lesson. Everyone will like it.

### Regretted Wasted Time.

Bobby will celebrate his birthday the latter part of next month. He was asked last evening what he would like, and after much debating he decided on a boat and a cab. After some further discussion as to when the toys could be purchased he said: "But if you bought them now I could be playing with them until my birthday."

### WOULD REMOVE AMENDMENT

Washington, Dec. 6.—Elimination of the house amendment to the ship subsidy bill providing for a thirty million dollar annual revolving fund was recommended by President Harding today in a letter forwarded to the Senate commerce committee, committee read the president's letter Senator Jones, chairman of the when the committee began consideration of the subsidy today.

### TO PROPOSE NEW NORMAL

Indianapolis, Ind., Dec. 6.—A new state normal school at Michigan City will be proposed to the legislature next month by Claude Steel, state senator from Laporte and Starke counties. Steel said today that Michigan City offers many advantages for a normal school. "The recent Indiana school survey showed that Indiana needs some real normal schools," he asserted.

## SANTA CLAUS LETTERS

New Salem, Ind.  
Dear Santa: Please bring me a sled and a pair of roller skates, a game, story books, candy, nuts and oranges.

## "TIGER" TO TALK TO FARMERS DEC. 11

Georges Clemenceau Will Address  
Opening Session of The American  
Farm Bureau Federation

### TO REARRANGE ITINERARY

His Subject Will be "The Farmer as  
a World Citizen" and Will Develop  
International Aspects

Georges Clemenceau, "Tiger" of  
France, will address the opening ses-  
sion of the fourth annual conven-  
tion of the American Farm Bureau  
Federation in Chicago on December  
11. France's war premier declares  
that he will rearrange his itinerary  
in order to meet the potent body of  
public opinion represented in the  
world's largest body of organized  
farmers—the American Farm Bureau.

Mr. Clemenceau will speak on the  
topic, "The Farmer as a World Ci-  
tizen." It is expected that he will  
develop the international aspect of  
the farmer's problems. How the  
American farmer may develop a  
freer market for his huge surpluses  
in the nations of Europe will be ex-  
plained by the distinguished Presi-  
dent of the Peace Conference.

Clemenceau's address will come at  
the very opening of the Farm Bureau  
convention. The exact hour is  
at 11 A. M., on Monday, December  
11.

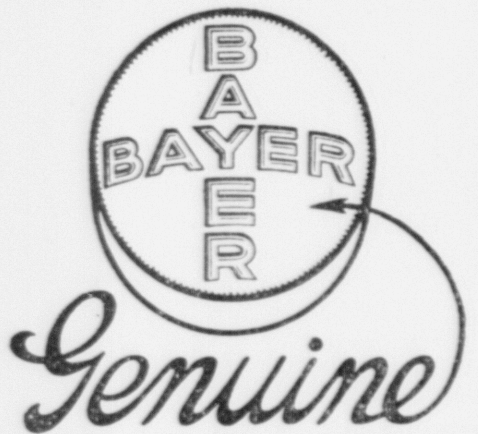

J. R. Howard, President of the  
American Farm Bureau Federation,  
who will introduce the French states-  
man to the assembled farmers, says:

"The organized farmers of Amer-  
ica are deeply gratified that the dis-  
tinguished Frenchman has accepted  
their cordial invitation to address  
the national convention of the Farm  
Bureau. We regard this as a splen-  
did recognition of the importance of  
American agriculture to the world.  
The agricultural groups have long  
recognized that the European situ-  
ation is of primary importance to  
the American farmer. Now our farm-  
ers are to get first-hand a message  
from one of the greatest of Euro-  
pean leaders."

Immediately after addressing the  
farmers M. Clemenceau will leave  
on a special train for New York. He  
sails for home on December 13.

## ASPIRIN

Say "Bayer" and Insist!

Unless you see the name "Bayer" on  
package or on tablets you are not get-  
ting the genuine Bayer product pre-  
scribed by physicians over twenty-two  
years and proved safe by millions for

Colds Headache  
Toothache Lumbago  
Earache Rheumatism  
Neuralgia Pain, Pain

Accept "Bayer Tablets of Aspirin"  
only. Each unbroken package contains  
proper directions. Handy boxes of  
twelve tablets cost few cents. Drug-  
gists also sell bottles of 24 and 100.  
Aspirin is the trade mark of Bayer  
Manufacture of Monacosteinester of  
Salicylicacid.

## MRS. E. F. McCLANAHAN DIES

Funeral Services for Orange Woman  
are Held at Christian Church

The funeral services for Mrs. E.  
F. McClanahan, aged 60 years, who  
died at her home in Orange Sunday  
night, were held Tuesday afternoon  
at one o'clock at the Orange Chris-  
tian church and burial took place in  
the North cemetery. The Rev. W. H.  
Law had charge of the services.

The deceased had been ill for the  
past five years, being afflicted with  
paralysis. She suffered a stroke last  
Thursday night, resulting in her  
death on Sunday. The survivors are  
her husband, two daughters, the  
Misses Nelle and Mary McClanahan,  
of Chicago, Ill., her mother, Mrs.  
Heizer of Anderson, and four broth-  
ers.

## TEACHERS TALK BUSINESS TOPICS

Two Days Session of High School  
Teachers Will be Held in Boston  
December 8-9

### U. S. BUREAU OF EDUCATION

Subjects Outlined for the Teachers  
Will Include Many Phrases of  
Business Management

Boston, Mass., Dec. 6.—A two-day  
conference of high school teachers  
of business subjects will open here  
the night of Friday Dec. 8, under  
the direction of the United States  
Bureau of Education.

The purpose of the conference is  
to correlate standardized business  
experience with the teaching of high  
school business subjects, a purpose  
unique in the history of education in  
the United States, the Bureau de-  
clares.

The opening program of discussion  
is on the topic "Organization and  
conduct of business. How the United  
States government and private busi-  
ness have been organized in nation,  
state and city to promote and serve  
business". Payson Smith, state com-  
missioner of education, will preside.

Speakers will include George R.  
Nutter, former president of the  
Boston Chamber of Commerce, and  
William Mather Lewis, chief of the  
education service of the United  
States Chamber of Commerce. A  
speaker from the Bureau of Foreign  
and Domestic Commerce at Wash-  
ington is also expected to attend.

Saturday's topics to be considered  
in morning and afternoon sessions,  
are "Production and marketing",  
and "Office Management—Personnel  
and Appliances". Jeremiah E. Burke  
superintendent of the Boston public  
schools will preside at the morning  
session and Glen Levin Swiggett, of  
the Bureau of Education, at the af-  
ternoon session. Local business men  
will address the gatherings.

The conference is one of a series  
of regional conferences of teachers  
of business subjects and business  
men which the Bureau of Education  
has scheduled for various parts of  
the country. The first of the con-  
ferences took place in Philadelphia,  
Pa., on November 3-4. Arrangements  
for similar conferences in other cit-  
ies are now being made by the Bu-  
reau, its representative announces.

The plan of the Bureau which is  
being followed out in the present  
conference is to schedule the confer-  
ences and then to invite business  
men to demonstrate to the teachers  
how their organizations can render  
them service in the teaching of busi-  
ness subjects. Representative of  
various phases of modern organized  
business are invited to describe and  
visualize to the teachers the funda-  
mental operations and practices of  
business problems. Teachers are  
thus enabled to keep their courses  
of instruction in business subjects  
strictly up to date abreast of all  
the latest improvements of modern  
business practice.

In arranging the Boston confer-  
ence, the United States Bureau of  
Education was supported by the  
United States Bureau of Foreign  
and Domestic Commerce, the Mas-  
sachusetts State Chamber of Com-  
merce, the Boston Chamber of Com-  
merce, the Massachusetts State  
Board of Education and the Boston  
School Committee.

### WAREHOUSE ROBBED

Warsaw, Ind., Dec. 6.—Two thou-  
sand dollars were stolen last night  
from Beck and Levin warehouses  
here. The proprietor discovered the  
robbery upon opening the place of  
business today.

## NO NEED IS SEEN FOR HIGHER TAXES

**Rigid Economy Will Not Cause In-  
crease in Federal Taxes, Secre-  
tary Mellon Says in Report**

### ANNUAL STATISTICS QUOTED

**Reduction of Fifty Percent is Urged  
in Surtax Law—Other Financial  
Reports are Given**

By JAMES T. KOLBERT  
(U. P. Staff Correspondent)

Washington, Dec. 6—Secretary of the Treasury Mellon today informed Congress that no additional federal taxes will be necessary during the coming year, if a policy of rigid economy is enforced.

In his annual report on the financial operations of the government during the last fiscal year, the secretary strongly urged one reduction in taxes—a 50 percent cut in the present surtax levies on big incomes. The present maximum surtax rate is 50 percent, which applies to incomes of \$200,000 a year and over. Mellon suggested that the maximum be fixed at 25 percent, and the other rates on incomes below \$200,000 reduced accordingly. Taking direct issue with the farm bloc which was largely responsible for the present rates, Mellon asserted that the high levies are restricting business expansion and that just as much revenue could be obtained by cutting them in half.

Other outstanding points of the secretary's report were:

1. The country already is suffering from a scarcity of labor, due to immigration restriction and the general resumption of industrial activity, with the consequence of higher wages than last year and greater manufacturing costs.

2. The railroads are suffering from undermaintenance and inadequate equipment, and are unable to meet the demands of business.

3. Farm products are selling too low at the farm and too high at the distributing centers.

4. The country has increased its gold supply more than \$1,000,000,000 during the last two years and

this has tended to increase speculation and unnatural expansion of business.

5. The unsettled condition in Europe is endangering the foreign markets for many of our products, and business in this country cannot progress without foreign markets.

6. The Treasury believes by keeping its house in order it can best aid Europe at the present time.

7. Further issuance of tax-exempt securities, which now total approximately \$11,000,000,000 and are increasing at the rate of \$1,000,000,000 a year should be prohibited by constitutional amendment.

8. Every effort is being made to speed the collection of back taxes.

9. Custom receipts during the year ending, June 30, 1922, although the low Democratic tariff was in effect, totalled \$357,544,712, the greatest in the history of the country.

10. The value of Liberty Bonds has increased \$2,500,000,000 since the low marks of 1920.

For the present fiscal year, which ends next July 1, Mellon said present figures indicate a deficit of \$274,000,000, as compared with estimates of \$697,000,000 at the beginning of the year.

For the next fiscal year, the period from July 1923, to July 1924 a surplus of \$180,969,125 was estimated, but it was emphasized strict economy is necessary to obtain this surplus. Appropriations asked for by the budget bureau for the next year total \$3,078,940,331.69, a reduction of \$195,000,000 as compared with appropriations for the current year.

"It will not be necessary at this time to consider any additional taxes, for the Treasury hopes to overcome any deficiencies in the revenue without recourse to new taxes," said Mellon, in expressing the hope that the deficit for the current year might be wiped out completely.

Mellon's diagnosis of the country's business, industrial and financial situation was one of the frankest statements ever made by a cabinet officer. It contained no rose prophecy for the future, but emphasized that the good sense and hard work by American business must steer the commercial structure of the nation from some pitfalls it now faces.

"The 12 months which have passed since the last annual report

have been marked by further liquidation and recovery from depression, and more recently by a substantial revival of business," said Mellon.

Prices of commodities have risen materially and inventories generally are low, the volume of business has been mounting to higher levels, and labor throughout the country is again fully employed. The year is closing with bountiful crops, and the severe depression in agriculture has been relieved.

"A few weak spots remain, but banking conditions generally are sound, money rates are reasonable, and there is sufficient credit available to meet all legitimate demands. In the Treasury the year has sent a reduction in the gross debt amounting to about \$1,000,000,000, a balance budget for the fiscal year 1922, showing a surplus of over \$300,000,000 above expenditures, and substantial progress in the refunding of the short-dated debt, which has now been reduced to manageable proportions. These developments are all helpful, and afford the basis for a revival of business and industry on sound lines.

"There are, however, factors operating which contain elements of uncertainty and make it difficult to determine the nature and extent of the revival which is in progress.

"Owing to the restrictions on immigration and the general resumption of industrial activity, the country is already suffering from a scarcity of labor which is embarrassing some lines of business and leading to higher wage scales where lower were expected a year or two ago.

"The railroads are suffering from undermaintenance and inadequate equipment, and are finding it difficult to move commodities to meet the demands of business, with resulting congestion in manufacture and trade and dislocation of prices. As a consequence farm products are selling too low at the farm and too high at the distributing centers.

"The building trades have been fully engaged during the year in supplying the deficiencies resulting from underbuilding during the war, but with rising costs of material and labor and gradual satisfaction of demands there will surely be a tendency to reaction. There has also been unprecedented activity in the

manufacture and sale of automobiles, and in the making of railroad and other equipment.

"Meantime the country has been accumulating gold, imported within the past two years or thereabouts, aggregating about \$1,000,000,000 more than was held during the expansion of 1919-20, and this gold, itself directly inflationary, has a tendency to expand credit and to create an unnatural ease of money for purposes of expansion and speculation.

"At the same time the uncertain state of Europe and the disorder of foreign currencies and the foreign exchanges have impaired the corrective forces which used to operate in normal times, and have created such unsettlement in foreign trade and so reduced the buying power of foreign countries as to destroy or endanger the foreign markets for many of our products. Reparations and indemnities are still unsettled and are contributing their share to the derangement of markets and the disorganization of international trade.

"Enough forces are operating, therefore, to make us cautious in estimating the prospects for the future and take care lest we build on a false basis. Business in this country can not progress indefinitely without its foreign markets, and undue expansion now, with rising costs and artificial values, would inevitably sow the seeds of reaction and make more difficult the reestablishment of normal relationships abroad. To avoid these pitfalls we depend for the most part on the good sense and foresight of American business. The Treasury, on its part, aims above all to keep its own house in order, in the belief that a sound financial structure here will in the long run afford the best basis for extending needed assistance to Europe and for a healthful revival of domestic business on constructive lines."

## ITCHING ECZEMA DRIED RIGHT UP WITH SULPHUR

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Mentho-Sulphur, says a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth.

It seldom fails to relieve the torment and disfigurement. Sufferers from skin trouble should get a little jar of Rowles Mentho-Sulphur from any good druggist and use it like a cold cream.

## AMUSEMENTS

### Last Showing At Princess

Rudolph Valentino's reputation as a love maker is well-sustained in "Blood and Sand," his first Paramount starring picture which will be seen today at the Princess for the last time.

Well differentiated but equally alluring are his scenes with Lila Lee and Nita Naldi, respectively, one a quiet demure type, the other, vivid, exotic, passionate. Mr. Valentino himself is colorful in a variety of costumes showing his rise from a poor Spanish boy to a place as a successful bull-fighter and idol of all Andalusia.

"Blood and Sand," a Fred Niblo production, was adapted from the Vicente Blasco Ibanez novel by June Mathis. Players in the cast who deserve special mention include Walter Long, Rose Rosanova, Leo White, Fred Becker, Charles Belcher, George Field, Dorcas Mathews, Harry Lamont, Jack Winn and Gilbert Clayton.

### Today Only At Mystic

Patrons of the Mystic Theatre are to have a real treat when the William Fox production, "Bells of San Juan" starring Charles Jones will be seen today only. Charles Jones, who has been called "the most convincing actor on the screen" is said to be at his best in this western story of romance and adventure.

Jones, who is cast in the role of

the Sheriff of San Juan, is fast becoming one of the leading screen heroes. His feats of daring are especially noteworthy.

The story is one of wild and Woolly Westerners, in which Jones won his fame. He plays the part of a young Westerner who is elected Sheriff to succeed his father who was murdered. He swears to avenge his parent. The keeper of the local dance hall and saloon is suspected and the son of the murdered official brings him to justice.

A pretty love theme is wound through the story. Fitz Brunette, in the role of a lady doctor, is said to do exceptionally good work.

All in all, "Bells of San Juan" comes to the Mystic Theatre with a good box office record and that tells the story. With a goodly amount of praise from press and public in other cities it is bound to please here.

### All Over Indiana

(By United Press)

Terre Haute — "Eatin' tobacco" and watermelon was the prescription given here by James Jones, 104, former slave, for prolonging life.

Bloomington — Indications of a mild winter are vouchered for by Arthur Day and Orrin Jones of this city who killed two large snakes, measuring over five feet in length, while hunting.

Winchester—While eating Thanksgiving dinner at home with his wife and children, Jesse Kumlner was arrested under an affidavit filed by his wife several months ago, charging him with desertion.

Auburn—John Calloll, a salesman of Garrett, sneezed while driving his car and, in doing so, he lost control of the machine which turned over into a ditch.

Hartford City — Two youngsters, Grant Randell, 10, and Clarence Hunt, 12, have been sentenced to the boy's school at Plainfield for auto stealing and are the youngest persons sentenced here for such crime.

Auburn—Harry Davidson claims to possess a feathered gold mine for he has 250 spring pullets that have been averaging 100 eggs a day during the last two weeks.

Frankfort — A force of twenty-five men from the Methodist Protestant church here went to the Ben Ayres farm and cut forty cords of wood to be used as fuel by the church.

Whiting — Tony Galski, while travelling at a high speed in his automobile came to a fork in the road and because he could not decide which prong of the fork to take, crashed into a telephone pole between and fractured his skull.

Bluffton—The W. C. T. U. of this city held a "Carrie Nation" ceremony, including prayer by the Rev. C. H. Smith, and destroyed several gallons of confiscated whiskey here.

Attica—Mrs. W. J. Urey, wife of the corn sweepstakes winner of region three in 1919 and 1921 has hopes of being crowned the "Corn Queen" of the world at the International Show in Chicago.

Fort Wayne—Mrs. Edna Mayer has filed suit for divorce against her husband, Merl because, she says, they have had to move five times in ten weeks of married life.

Bicknell—High School girls here are rebelling against the school authorities' anti-cosmetic order and demand it apply to boys also.

Crawfordsville — Lloyd Keeling postal employ here, bagged a rabbit weighing seven and one-half pounds after it almost got away when he hit it with three shots.

Princeton — Sticking his tongue through a door making faces at a neighbor boy almost proved fatal to John Stull, 9, when James Ryan, 12, pushed the door shut, catching Stull's tongue and virtually severing it.

South Bend—A water tank containing 75,000 gallons of water was almost destroyed by fire when sparks from a passing engine landed on the roof.

Ralesville—The rabbit market has opened here and "cotton tails" are quoted at a dime each.

Vincennes—Chickens and ducks became intoxicated and could hardly stand after eating mash poured out by prohibition officers following a

## You can do 165 useful things with it

FOR any number of carpentry and repair jobs; for making hundreds of useful and attractive home things—you'll find the ideal material in

**Cornell**  
Wood-Board

There are two remarkable facts about Cornell—the number of things you can do with it; and the ease and economy with which you can do them. We know Cornell is what you want. That's why we have it for you.

We have a booklet, "165 Uses for Cornell-Wood-Board" that will interest you. It describes some of the many uses. You'll think of others. Just write, call or phone for a copy—it's yours for the asking.

Cornell is all wood, an important fact to you. It's easy to work with—saws well and holds nails. Its tough pure wood fiber, triple-sized; its laminated construction, four-ply thick; and its attractive oatmeal-finish, mill-primed—all these make Cornell the ideal utility material.

# WEEKLY STORE NEWS

From ALLEN'S

Real economy lies in buying foods with health and life giving force in them—foods that possess a flavor that makes them palatable and enjoyable. Cheap foods are never worth what they costs and are more liable to do harm than good.

There is no waste or extravagance in our groceries. If you don't see what you want when in our store, call for it, fully 20 per cent of the goods we have for sale cannot be displayed on account of the smallness of our room and we probably have the article you want.

Folks who bought those fancy lemon cling peaches at \$3.50 per dozen, have been back for more; they are splendid value for the price.

We have a very good peeled peach in medium syrup for \$2.25 per dozen.

Potatoes are sure to be higher when the weather gets bad—we still have a fine stock for \$2.25 per bag.

All flours are higher; we are still able to make attractive prices on most grades.

We have never sold so many oysters in previous seasons as we have this fall. People are learning that while they may pay 5c per quart more than is asked for bulk oysters they are getting much more both in quality and quantity.

We buy all kinds of country produce. Did you ever stop to think what the effect would be if all of the stores refused to buy produce except eggs?

## CATTLE EXHIBITED AT LIVESTOCK SHOW

International Exposition at Chicago  
is Big Attraction for Stockmen  
Who Compete for Honors

### MANY PRIZE COWS ON FLOOR

Chicago, Dec. 6—The blue bloods of cattledom monopolized the big judging arena of the International Livestock Exposition today.

Several champions already picked strode proudly about the grounds exhibiting their ribbons, symbols of world leadership in their class. Others to be judged today looked sleek and fat, fit for the strongest of competition.

Chenoweth Jock, pure bred Kentucky short horn steer, carried his honors proudly. He was named grand champion of the show, the highest honor of the livestock world.

Chenoweth's honors will be short lived. Thursday he will be led into the arena and sold to the highest bidder for Christmas beef.

State colleges of agriculture carried off the bulk of the honors in fat sheep raising. The University of Illinois won championship honors for fat Shropshire wethers and grade and cross-bred wethers. Kansas won in the Cotswold and Dorset classes. Kentucky was winner in the Hampshire and Cheviot classes and Iowa state college had the champion fat Oxford wether.

## TRIBUTE TO FORMER PRESIDENT

**CLEMENCEAU VISITS GRAVE OF THEODORE ROOSEVELT**  
A silent prayer by one great hearted fighter for another: Ex-Premier Georges Clemenceau, of France,—"The Tiger"—offering up a silent tribute at the grave of Theodore Roosevelt at Oyster Bay, L. I.

## WOODROW WILSON MAY REGAIN HIS HEALTH

Former President is Expected to Recover Completely From Stroke of Paralysis

### SUFFERED THREE YEARS AGO

Washington, Dec. 6—Woodrow Wilson, who has made a game uphill fight for the last three years to regain his health, may recover completely from a stroke of paralysis which came upon him as the result of arduous labor he put on the league of nations. This information was given the United Press today by one of the former president's closest friends, who has been a constant observer of his steadily improving condition.

Mr. Wilson never will recover the robust health he enjoyed during his presidential administration, as his long illness has greatly taxed his strength, at an age when vitality can not be regained easily. But it is believed the effects of the paralysis will soon disappear and he may again enjoy the free use of his arms, legs and muscles, for the first time since he was stricken in the White House three years ago, when he was forced to abandon the league of nations tour.

Mr. Wilson is able to walk more than a few steps without assistance, Rear Admiral Carry Grayson, his personal physician, said today.

At present Mr. Wilson strolls in the gardens of his S. street home without assistance. He carries his famous malacca cane, but is using it as means of support less and less each day. He has taken no walks on the streets. The recovery of the former president thus far has been remarkable, physicians here agreed. If he is able to shake off completely the effects of the paralysis, it would be a miracle as men of his age are rarely able to recover from such a severe stroke as he suffered, physicians hold.

## JOHN M'CAULEY SUCCEUMBS

Former Rushville Man Who Died at Tipton to be Buried Here

Word was received here today of the death of John McCauley, a former resident of this city, which occurred this morning at his home in Tipton, Ind., following a long illness with kidney trouble.

Mr. McCauley was born and reared in this county, having left here a number of years ago to reside in Tipton. His wife preceded him in death a few years ago. The survivors are two daughters, Mrs. Arvinna Hershmann, who made her home with her father, and Mrs. Betty Berkhart of Crawfordsville, Ind. A number of distant relatives live in this city.

The funeral services will be held Friday morning at the late residence in Tipton, Ind., and the burial will take place in the East Hill cemetery, this city, about 2:30 o'clock, the time when the funeral cortege is expected to reach this city.

## DEMANDS FREEDOM OF THE DARDANELLES

Ambassador Child Tells Conference  
America Wishes to Send Warships Where She Desires

### ALLIES STANDING TOGETHER

(By United Press)

Lauzanne, Dec. 6—Ambassador Richard Child, America's observing delegate at the Near East conference, arose this morning upon the assembling of the delegates and declared that America wished the right to send warships anywhere it desired. Therefore, he demanded complete freedom of the Dardanelles, both for merchant ships and war vessels.

In the face of an apparent alliance between Turkey and Russia the allies have agreed to bury their differences and stand together on the question of the Dardanelles.

The British were willing, it was announced today, to accept conditional freedom of the straits for war ships provided Turkey would not erect fortifications. To what extent warships are to be subjected to a commission of control was to be stated today at the conclusion of the next session of the parley.

The Turks were to be given the presidency of the control commission with two votes in the hope that they would abandon the extreme views of the Russians.

As a result of the allied agreement optimistic feeling prevailed today in conference circles.

## WIDE OPEN TOWN ON SIX DAYS OF WEEK

Wabash Blue Sunday Enforcement Also Works The Other Way During Week Days, Report Says

### PETITION IS CIRCULATED

Wabash, Ind., Dec. 6—A model blue law town on Sunday leads to unlawful tendencies during the other six days of the week.

On such a premise is based a petition going the rounds here today in an effort to end the Wabash blues and make life worth living here on Sabbath after the preachers preach and the church choirs sing.

The city administration screwed down the lid tightly Sunday. Even cigarette smokers had to roll their own. The petition states that Sunday restraint opens the way for crapshooters, gamblers and others to have their fun from Monday until Saturday. Several prominent business men have signed the paper.

Chief of Police Boite says his force of seven men will be directed to enforce the blue laws until a vote of the people rules otherwise.

## WITH FARMERS IN WASHINGTON

Gray Silver is the Washington Representative of the American Farm Bureau Federation. His office is in the Munsey Building, Washington, and he watches what is going on at both ends of Pennsylvania Avenue. It was Gray Silver who organized the Agricultural Bloc in Congress and thereby got passed and signed more bills that the farmers were asking for than were ever passed by any Congress since the gavel first fell in the old capitol in Philadelphia.

Gray Silver is a farmer, and lives at Martinsburg, W. Va., where his apple orchards are famous. He was born in 1871 at White Hall, Va. He owns and operates orchards and general farms in the Shenandoah Valley, and also in Illinois and Arkansas. He breeds Shorthorn cattle and Shropshire sheep, and ships carloads of cattle, wool, apples, rice, wheat and corn. Mr. Silver is president of a federal farm loan association, director in a farmers' mutual fire insurance company, and director in a farmers' mutual telephone company. For two terms he was a state senator in West Virginia.

When the American Farm Bureau Federation was organized, Gray Silver was picked out to represent the new farmers' movement in Washington. He has made good, too—because both Republicans and Democrats are his friends and because he champions the cause of our farmers and does not admit partisan prejudices to interfere.

## PRESIDENT HARDING'S SPEECH AT THE NATIONAL AGRICULTURAL CONFERENCE

gave some good reasons why the Farm Bureau is needed by the farmers today. In comparing agriculture with other business, he said: "The farmer who owns his farm is a capitalist, executive and laborer all in one. As capitalist he earns the smaller return on his investment. As executive he is little paid; and as laborer he is greatly underpaid in comparison to labor in other occupations."

President Harding also asserted that a study of the co-operative movement shows, "that the farmer is as good a business man as any other when he has his chance; that he is capable of organization, co-operation and co-ordination; that he will apply sound methods to his business whenever he has the chance; that his credit can be better established; his particular needs of capital on terms suited to his requirements can be met; that, these things accomplished, he ceases to be an underpaid laborer, an unpaid executive, and a capitalist with an unremunerative investment."

### OPENS CAMPAIGN OF NFST DRIVING

Continued From Page One

on the streets. The matter of cutting down the deadened poplar trees, was taken up, and the city officials believe that the time has arrived for the removal of the dead trees, which were ordered stripped several months ago.

No permission is needed to chop down these dead trees, and it is urged that they be taken out now, before ice and wind storms arrive as danger of falling branches might cause serious damage.

Attention also was called by the council of people dumping ashes, or scattering them in alleys and streets, which is contrary to a city ordinance. The street commissioner will report such offenses to the police, and arrests may follow if the practices are continued. Ashes should be piled and hauled off by the persons who deposited them in the piles.

The city council will meet once more this year, on December 19, to transact regular business, and a special meeting will probably be held January first at noon, following the usual custom.

this is the law and the prophets.—  
Matt. 7: 12.

## Christmas Seals

The annual appeal for funds to stamp out tuberculosis and its allies is once more being made. That Rush county will respond nobly is a foregone conclusion. The aim of the workers is to increase the sum raised last year and thus continue Rush county as one of the foremost in the state in this work.

As everyone in Rush county knows, or at least should know, the proceeds from the sale of the little holiday stickers is not alone for tuberculosis work, but for a general health program. Any work that is designed to improve the health of the community is closely allied with tuberculosis work because a community made up of healthy people will be a stranger to tuberculosis. Keeping the health of the people good and teaching the children so to live that they will become strong men and women, is the best possible method of preventing tuberculosis from gaining a stronghold. Good health and this disease are not on good terms and never associate together.

So the work of the city visiting nurse, which is supported largely by the money derived from the sale of Christmas Seals, is a preventative measure. She is endeavoring to impress on the minds of the school children the necessity of living properly in order to have a strong body that will ward off disease, through the Modern Health Crusade. Examination of school children for bodily

defects warns the parents early so that they may be corrected and the health of the child not impaired.

All of the health work of the county is so closely knit up together and so well organized that Rush county is to be congratulated on the splendid service which is being performed to make the people of the county stronger and healthier and therefore more prosperous and happier.

The work that the city health nurse is doing in Rushville is being duplicated by the county Red Cross nurse, in the Modern Health crusade and the examination of school children. The tuberculosis clinics, too, which are made possible by the Seals campaign, are a direct method of ridding the county of tuberculosis and thus removing the chances for others to become afflicted.

The county board of children's guardians also is engaged in a very valuable work in trying to conserve the health of the children and in correcting defects and ailments that appear through the medical examination of school children.

All of these agencies are working for the betterment of the people of the whole county, and those who are engaged in the various enterprises are entitled to the greatest praise possible to be given them for the unselfish service they are giving.

(Florida Times-Union)

Picking "Barney" Baruch, the New York multimillionaire, to head the proposed third party indicates a far-sighted look into "Barney's" barrel. But "Barney" may buck.

Hasn't He Been Called All of 'Em?  
(Philadelphia Record)

It is wrong to call Senator Reed, of Missouri, a Democrat. There are any number of things that he might more properly be called.

## Co-Operative Marketing Approved

In the passage of the Capper-Volstead co-operative marketing bill, Congress said to the farmer: "It is to the national good that you co-operate in your marketing. We'll make it smooth for you. Now for the love of your country get together!"

Congress has even stamped its approval on monopolies—providing trade is not restrained or prices unduly raised. We need not be afraid of monopoly. For the protection of the purchasing public a new set of machinery is erected which leaves it up to the Secretary of Agriculture to determine whether the law is being broken by the co-operatives, and if it is he will hale them into court. For instance, if the Secretary should find that the association has restrained trade so as to enhance the price unduly he would order the association to desist. Should the association continue to operate in a manner intended to advance prices unduly the Secretary after 30 days would bring suit in the United States Court. The testimony gathered by the Secretary would be presented to this court to expedite proceedings and the court is given complete jurisdiction to mete out justice.

This should settle the cry of those who wail about farmers' keeping the price up. When the farmer sells in quantity he cuts down the cost of sales. The expense saved is added to his profits. The merchant should understand the principle of co-operative marketing. The grocer gets his goods cheaper than he can afford to sell them because he buys in quantity. If the wholesale houses sold one can of beans or one hat at a time they would either have to operate without profit or charge more. The farmer is tired of operating without profit but he does not expect to charge more. His scheme is to cut down overhead expense. The legitimacy of his proposal is recognized by the United States government. Efficiency by co-operation has been practiced by all other industries for some time.

Those who condemn farmers' co-operative marketing associations can now take their positions near the back, just in front, please, of those who believe that the devil is in the fiddle and a dog always howls just before somebody dies.

Can You Beat That?  
(New York Herald)

Importing a screen actor from France to do cowboy scenes in America motion pictures seems like taking more than the usual amount of trouble to carry coals to Newcastle.

It's Shame to Wake Him Up  
(Pittsburg Gazette Times)

## 100 WAYS To Make Money

By BILLY WINNER

If I Were a Student—

I WOULD study AND MAKE MONEY DOING IT.

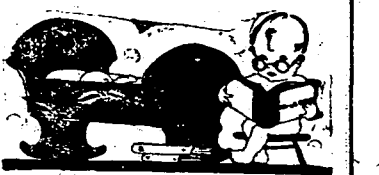

There would be people in my neighborhood with children.

These people would want some one to stay with their children while they were at the theater, parties, etc.

I would find these mothers and fathers with a Daily Republican Want Ad. I would charge a fair amount for staying with their children of an evening.

I would stay until the parents returned, and then I would be PAID for my time. Sounds good, doesn't it?

Well, it is so good that I would telephone my Want Ad to The Daily Republican right away. I never wait for profit; I go out after it.

## Champions by Proclamation

By HENRY L. FARRELL  
(United Press Sports Editor)

New York, Dec. 6.—New methods of awarding championships and amputating titles are now the vogue. The old established methods of deciding superiority by combat are giving away to a more modern way of legislation.

The most prominent example of ignoring the old fashions came in the case of Battling Siki, the Senegalese fighter, who had several European titles taken away from him by the French Boxing Federation.

Long before this, however, the New York Boxing Commission, started the fad by taking the titles away from Johnny Wilson and Johnny Kilbane and giving them to Dave Rosenberg and Johnny Dundee.

The only difference in the two cases was that the French solons got away with it seriously, while the

New York commissioners got only a laugh.

This new fad spread to football when Columbia beat New York University on the referee's decision—real ring like.

The game ended with the score N. Y. U. 7, Columbia 6, but two days later the referee decided he had made an error of judgment and he took a touchdown away from N. Y. U. and gave only a safety, giving Columbia the game.

Ban Johnson, the exalted president of the American League, has never tried to be left behind times and he provided another good example when he went over the head of one of his scorers and made Ty Cobb a .400 hitter for 1922 by a presidential message.

Cobb finished the season needing one hit to put him in the enviable .400 class for the third time. Johnson looked over the books and decided that the scorer who charged Everett Scott with an error on one of Cobb's hits last May in New York was wrong and that it should have been a hit.

The Yankee club owners, along this line of reasoning, might argue that forty of Babe Ruth's flies should not have been caught, last season and that he ought to have been the champion Buster instead of the Bust.

The most unique case came to light when Pinkey Mitchell, Milwaukee boxer, was elected the American junior welterweight champion.

Pinkey got more votes than all his rivals in an election conducted by a boxing magazine and he was awarded a belt.

The new champion is safe for another term as he can't be knocked out, according to law, before another election.

Charley Paddock had a little experience along the same line. He had a flock of sprinting records taken away from him because the A. A. U. executives said it couldn't be done.

Paddock wasted a lot of time for nothing. The next time, perhaps he will go to the A. A. U., lords and ask:

"Is it possible for me to make some new records?"

## INDOOR SEASON TO BE INTERESTING ONE

Competition and Talent That is in View is Enough to Insure Exciting Races This Winter

### VETERANS FEEL THE CALL

By JACKSON V. SCHOLZ  
(U. P. Staff Correspondent)

New York, Dec. 6.—The coming indoor season promises to be the most interesting one that track fans have had the privilege of looking forward to for sometime.

The competition and talent that is in view at this early date is enough to ensure a big percentage of exciting races in every meet of the year.

Athletes themselves are making greater efforts than ever before. Thousands of youngsters are in training and the veterans, who have alone their share of the honors and have sworn a dozen times to hang up their shoes, feel the call once more, haul out their togs, stained with the oil of many a rub, and test the rather questionable pep in their legs in preparation for the "come-back" they have promised themselves from year to year.

Loren Murchison has returned to his old stamping ground and will be very much in evidence at all the big affairs.

Murchison is the class of the field at present and has proved himself to be the fastest performer of the board for the last several seasons.

Bob McAlister, national 100-yard champion, is going to cause somebody a lot of trouble and disappointment when the meals are dished out, and that such stars as Lever, Laconey, Jennings and Webers will also have a finger in the pie.

The answer will be a loud "No" and Charley will save a lot of wind and energy.

If any one can come to the front and prove that a boxer can't be knocked out with a blow on the shoulder, they would have to fight the Dempsey-Carpentier fight over again.

## SPORT CHATTER

Danville, Ky. — "Uncle Charley" Moran has resigned a new five year contract to coach football at Centre college. Plans have been approved to build a stadium to his honor at the college.

Paris.—"If he is a good boy meanwhile," Battling Siki can have a new license as a boxer when he serves his nine months' suspension, the French boxing federation has announced.

New York.—Dave Rosenberg, former world's middleweight champion, was set down for thirty days for fouling Mike O'Dowd in their recent fight. Rosenberg was suspended previously for not fighting O'Dowd and now he got the air for fighting him.

West Point, N. Y.—The Army eleven wants games next fall with Yale, Iowa and Notre Dame. An October date has been accepted for the Yale game and negotiations are pending with Iowa, Notre Dame, Johns Hopkins and North Carolina.

Brockton, Mass.—Ronald Phillips, captain of the Lawrence high school football team, broke his wrist in the first period against Brockton high school but went back in the game and remained long enough to break his leg when he was retired for good.

New York.—Joe Lynch bantam weight champion will defend his title in a 15-round bout with Midget Smith New York, in Madison Square Garden, on December 22.

## MEMBERSHIP TO BE DOUBLED IN DRIVE

Continued From Page One

it was supplemented by a short speech by Fred Bell, president of the county association. Mr. Bell will also accompany Mr. Hill to the Posy township meeting at Arlington tonight. Special entertainment will be provided there by Fitch-Cooper of Elwood.

At the Washington township meeting, which was held last night at the Raleigh hall, practically every farmer in the audience signed a membership blank and became a member, and the committee was making a thorough canvass of the township today to give every farmer an opportunity to belong. John Covert made the address at Raleigh. He was accompanied by Donald D. Ball, county agent.

With a present membership of 45, Ripley township, where the campaign opened Monday night, is expected to roll up 120 members in the drive. Mr. Patterson spoke at the Carthage Auditorium there and following his address, the association members put on a burlesque that Mr. Patterson regarded as good as anything he had ever seen.

Center and Richland townships, which also opened their campaigns Monday night, have reported more than 100 members already with a few yet to be seen. This will be double the present membership in each township. Noble, the other township opening Monday evening, is handicapped by an epidemic of scarlet fever which kept many farmers away from the meeting.

Mr. Patterson, who has spoken in this county before, is very much enthused with the course the campaign is taking. He complimented the county, in discussing the movement this morning, on the splendid feeling that exists between the country people and those of the towns and the county seats. In his two days of campaigning, he asserted that he had not heard a discordant note and that such a condition is bound to make the county a prosperous one, with all of the various interests pulling together.

## "TIGER" TO TALK TO FARMERS DEC. 11

Georges Clemenceau Will Address  
Opening Session of The American  
Farm Bureau Federation

### TO REARRANGE ITINERARY

His Subject Will be "The Farmer as  
a World Citizen" and Will Develop  
International Aspects

Georges Clemenceau, "Tiger" of  
France, will address the opening ses-  
sion of the fourth annual conven-  
tion of the American Farm Bureau  
Federation in Chicago on December  
11. France's war premier declares  
that he will rearrange his itinerary  
in order to meet the potent body of  
public opinion represented in the  
world's largest body of organized  
farmers—the American Farm Bur-  
eau.

Mr. Clemenceau will speak on the  
topic, "The Farmer as a World Cit-  
izen." It is expected that he will  
develop the international aspect of  
the farmer's problems. How the  
American farmer may develop a  
freer market for his huge surpluses  
in the nations of Europe will be ex-  
plained by the distinguished Presi-  
dent of the Peace Conference.

Clemenceau's address will come at  
the very opening of the Farm Bur-  
eau convention. The exact hour is  
at 11 A. M., on Monday, December  
11.

J. R. Howard, President of the  
American Farm Bureau Federation,  
who will introduce the French states-  
man to the assembled farmers, says:  
"The organized farmers of Amer-  
ica are deeply gratified that the dis-  
tinguished Frenchman has accepted  
their cordial invitation to address  
the national convention of the Farm  
Bureau. We regard this as a splen-  
did recognition of the importance of  
American agriculture to the world.  
The agricultural groups have long  
recognized that the European situ-  
ation is of primary importance to  
the American farmer. Now our farm-  
ers are to get first-hand a message  
from one of the greatest of Euro-  
pean leaders."

Immediately after addressing the  
farmers M. Clemenceau will leave  
on a special train for New York. He  
sails for home on December 13.

## MRS. E. F. McCLANAHAN DIES

Funeral Services for Orange Woman  
are Held at Christian Church

The funeral services for Mrs. E.  
F. McClanahan, aged 60 years, who  
died at her home in Orange Sunday  
night, were held Tuesday afternoon  
at one o'clock at the Orange Chris-  
tian church and burial took place in  
the North cemetery. The Rev. W. H.  
Law had charge of the services.

The deceased had been ill for the  
past five years, being afflicted with  
paralysis. She suffered a stroke last  
Thursday night, resulting in her  
death on Sunday. The survivors are  
her husband, two daughters, the  
Misses Nelle and Mary McClanahan,  
of Chicago, Ill., her mother, Mrs.  
Heizer of Anderson, and four broth-  
ers.

## TEACHERS TALK BUSINESS TOPICS

Two Days Session of High School  
Teachers Will be Held in Boston  
December 8-9

### U. S. BUREAU OF EDUCATION

Subjects Outlined for the Teachers  
Will Include Many Phrases of  
Business Management

Boston, Mass., Dec. 6—A two-day  
conference of high school teachers  
of business subjects will open here  
the night of Friday Dec. 8, under  
the direction of the United States  
Bureau of Education.

The purpose of the conference is  
to correlate standardized business  
experience with the teaching of high  
school business subjects, a purpose  
unique in the history of education in  
the United States, the Bureau de-  
clares.

The opening program of discussion,  
is on the topic "Organization and  
conduct of business. How the United  
States government and private busi-  
ness have been organized in nation,  
state and city to promote and serve  
business". Payson Smith, state com-  
missioner of education, will preside.

Speakers will include George R.  
Nutter, former president of the  
Boston Chamber of Commerce, and  
William Mather Lewis, chief of the  
education service of the United  
States Chamber of Commerce. A  
speaker from the Bureau of Foreign  
and Domestic Commerce at Wash-  
ington is also expected to attend.

Saturday's topics to be considered  
in morning and afternoon sessions,  
are "Production and marketing",  
and "Office Management—Personnel  
and Appliances". Jeremiah E. Burke  
superintendent of the Boston public  
schools will preside at the morning  
session and Glen Levin Swiggert, of  
the Bureau of Education, at the af-  
ternoon session. Local business men  
will address the gatherings.

The conference is one of a series  
of regional conferences of teachers  
of business subjects and business  
men which the Bureau of Education  
has scheduled for various parts of  
the country. The first of the con-  
ferences took place in Philadelphia,  
Pa., on November 3-4. Arrangements  
for similar conferences in other cit-  
ies are now being made by the Bur-  
eau, its representative announces.

The plan of the Bureau which is  
being followed out in the present  
conference is to schedule the confer-  
ences and then to invite business  
men to demonstrate to the teachers  
how their organizations can render  
them service in the teaching of busi-  
ness subjects. Representative of  
various phases of modern organized  
business are invited to describe and  
visualize to the teachers the funda-  
mental operations and practices of  
business problems. Teachers are  
thus enabled to keep their courses  
of instruction in business subjects  
strictly up to date abreast of all  
the latest improvements of modern  
business practice.

In arranging the Boston confer-  
ence, the United States Bureau of  
Education was supported by the  
United States Bureau of Foreign  
and Domestic Commerce, the Mas-  
sachusetts State Chamber of Com-  
merce, the Boston Chamber of Com-  
merce, the Massachusetts State  
Board of Education and the Boston  
School Committee.

### WAREHOUSE ROBBED

Warsaw, Ind., Dec. 6.—Two thou-  
sand dollars were stolen last night  
from Beck and Levin warehouses  
here. The proprietor discovered the  
robbery upon opening the place of  
business today.

## NO NEED IS SEEN FOR HIGHER TAXES

**Rigid Economy Will Not Cause Increase in Federal Taxes, Secretary Mellon Says in Report**

### ANNUAL STATISTICS QUOTED

**Reduction of Fifty Percent is Urged in Surtax Law—Other Financial Reports are Given**

By JAMES T. KOLBERT  
(U. P. Staff Correspondent)

Washington, Dec. 6—Secretary of the Treasury Mellon today informed Congress that no additional federal taxes will be necessary during the coming year, if a policy of rigid economy is enforced.

In his annual report on the financial operations of the government during the last fiscal year, the secretary strongly urged one reduction in taxes—a 50 percent cut in the present surtax levies on big incomes. The present maximum surtax rate is 50 percent, which applies to incomes of \$200,000 a year and over. Mellon suggested that the maximum be fixed at 25 percent, and the other rates on incomes below \$200,000 reduced accordingly. Taking direct issue with the farm bloc which was largely responsible for the present rates, Mellon asserted that the high levies are restricting business expansion and that just as much revenue could be obtained by cutting them in half.

Other outstanding points of the secretary's report were:

1. The country already is suffering from a scarcity of labor, due to immigration restriction and the general resumption of industrial activity, with the consequence of higher wages than last year and greater manufacturing costs.

2. The railroads are suffering from undermaintenance and inadequate equipment, and are unable to meet the demands of business.

3. Farm products are selling too low at the farm and too high at the distributing centers.

4. The country has increased its gold supply more than \$1,000,000,000 during the last two years and

this has tended to increase speculation and unnatural expansion of business.

5. The unsettled condition in Europe is endangering the foreign markets for many of our products, and business in this country cannot progress without foreign markets.

6. The Treasury believes by keeping its house in order it can best aid Europe at the present time.

7. Further issuance of tax-exempt securities, which now total approximately \$11,000,000,000 and are increasing at the rate of \$1,000,000,000 a year should be prohibited by constitutional amendment.

8. Every effort is being made to speed the collection of back taxes.

9. Custom receipts during the year ending, June 30, 1922, although the low Democratic tariff was in effect, totalled \$357,544,712, the greatest in the history of the country.

10. The value of Liberty Bonds has increased \$2,500,000,000 since the low marks of 1920.

For the present fiscal year, which ends next July 1, Mellon said present figures indicate a deficit of \$274,000,000, as compared with estimates of \$697,000,000 at the beginning of the year.

For the next fiscal year, the period from July 1, 1923, to July 1, 1924 a surplus of \$180,969,125 was estimated, but it was emphasized strict economy is necessary to obtain this surplus. Appropriations asked for by the budget bureau for the next year total \$3,078,940,331.69, a reduction of \$195,000,000 as compared with appropriations for the current year.

"It will not be necessary at this time to consider any additional taxes, for the Treasury hopes to overcome any deficiencies in the revenue without recourse to new taxes," said Mellon, in expressing the hope that the deficit for the current year might be wiped out completely.

Mellon's diagnosis of the country's business, industrial and financial situation was one of the frankest statements ever made by a cabinet officer. It contained no rose prophecy for the future, but emphasized that the good sense and hard work by American business must steer the commercial structure of the nation from some pitfalls it now faces.

"The 12 months which have passed since the last annual report

have been marked by further liquidation and recovery from depression, and more recently by a substantial revival of business," said Mellon.

Prices of commodities have risen materially and inventories generally are low, the volume of business has been mounting to higher levels, and labor throughout the country is again fully employed. The year is closing with bountiful crops, and the severe depression in agriculture has been relieved.

"A few weak spots remain, but banking conditions generally are sound, money rates are reasonable, and there is sufficient credit available to meet all legitimate demands. In the Treasury the year has sent a reduction in the gross debt amounting to about \$1,000,000,000, a balance budget for the fiscal year 1922, showing a surplus of over \$300,000,000 above expenditures, and substantial progress in the refunding of the short-dated debt, which has now been reduced to manageable proportions. These developments are all helpful, and afford the basis for a revival of business and industry on sound lines.

"There are, however, factors operating which contain elements of uncertainty and make it difficult to determine the nature and extent of the revival which is in progress.

"Owing to the restrictions on immigration and the general resumption of industrial activity, the country is already suffering from a scarcity of labor which is embarrassing some lines of business and leading to higher wage scales where lower were expected a year or two ago.

"The railroads are suffering from undermaintenance and inadequate equipment, and are finding it difficult to move commodities to meet the demands of business, with resulting congestion in manufacture and trade and dislocation of prices. As a consequence farm products are selling too low at the farm and too high at the distributing centers.

"The building trades have been fully engaged during the year in supplying the deficiencies resulting from underbuilding during the war, but with rising costs of material and labor and gradual satisfaction of demands there will surely be a tendency to reaction. There has also been unprecedented activity in the

manufacture and sale of automobiles, and in the making of railroad and other equipment.

"Meantime the country has been accumulating gold, imported within the past two years or thereabouts, aggregating about \$1,000,000,000 more than was held during the expansion of 1919-20, and this gold, itself directly inflationary, has a tendency to expand credit and to create an unnatural ease of money for purposes of expansion and speculation.

"At the same time the uncertain state of Europe and the disorder of foreign currencies and the foreign exchanges have impaired the corrective forces which used to operate in normal times, and have created such unsettlement in foreign trade and so reduced the buying power of foreign countries as to destroy or endanger the foreign markets for many of our products. Reparations and indemnities and other intergovernmental debts are still unsettled and are contributing their share to the derangement of markets and the disorganization of international trade.

"Enough forces are operating, therefore, to make us cautious in estimating the prospects for the future and take care lest we build on a false basis. Business in this country can not progress indefinitely without its foreign markets, and undue expansion now, with rising costs and artificial values, would inevitably sow the seeds of reaction and make more difficult the reestablishment of normal relationships abroad. To avoid these pitfalls we depend for the most part on the good sense and foresight of American business. The Treasury, on its part, aims above all to keep its own house in order, in the belief that a sound financial structure here will in the long run afford the best basis for extending needed assistance to Europe and for a healthful revival of domestic business on constructive lines."

## ITCHING ECZEMA DRIED RIGHT UP WITH SULPHUR

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Mentho-Sulphur, says a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth.

It seldom fails to relieve the torment and disfigurement. Sufferers from skin trouble should get a little jar of Rowles Mentho-Sulphur from any good druggist and use it like a cold cream.

## Last Showing At Princess

Rudolph Valentino's reputation as a love maker is well-sustained in "Blood and Sand," his first Paramount starring picture which will be seen today at the Princess for the last time.

Well differentiated but equally alluring are his scenes with Lila Lee and Nita Naldi, respectively, one a quiet demure type, the other, vivid, exotie, passionate. Mr. Valentino himself is colorful in a variety of costumes showing his rise from a poor Spanish boy to a place as a successful bull-fighter and idol of all Andalusia.

"Blood and Sand," a Fred Niblo production, was adapted from the Vicente Blasco Ibanez novel by June Mathis. Players in the cast who deserve special mention include Walter Long, Rose Rosanova, Leo White, Fred Becker, Charles Belcher, George Field, Dorcas Mathews, Harry Lamont, Jack Winn and Gilbert Clayton.

## Today Only At Mystic

Patrons of the Mystic Theatre are to have a real treat when the William Fox production, "Bells of San Juan" starring Charles Jones will be seen today only. Charles Jones, who has been called "the most convincing actor on the screen" is said to be at his best in this western story of romance and adventure.

Jones, who is cast in the role of

the Sheriff of San Juan, is fast becoming one of the leading screen heroes. His feats of daring are especially noteworthy.

The story is one of wild and Woolly Westerners, in which Jones won his fame. He plays the part of a young Westerner who is elected Sheriff to succeed his father who was murdered. He swears to avenge his parent. The keeper of the local dance hall and saloon is suspected and the son of the murdered official brings him to justice.

A pretty love theme is wound through the story. Fitz Brunette, in the role of a lady doctor, is said to do exceptionally good work.

All in all, "Bells of San Juan" comes to the Mystic Theatre with a good box office record and that tells the story. With a goodly amount of praise from press and public in other cities it is bound to please here.

## All Over Indiana

(By United Press)

Terre Haute — "Eatin' tobacco" and watermelon was the prescription given here by James Jones, 104, former slave, for prolonging life.

Bloomington — Indications of a mild winter are vouched for by Arthur Day and Orrin Jones of this city who killed two large snakes, measuring over five feet in length, while hunting.

Winchester — While eating Thanksgiving dinner at home with his wife and children, Jesse Kummer was arrested under an affidavit filed by his wife several months ago, charging him with desertion.

Auburn — John Calloll, a salesman of Garrett, sneezed while driving his car and, in doing so, he lost control of the machine which turned over into a ditch.

Hartford City — Two youngsters, Grant Randell, 10, and Clarence Hunt, 12, have been sentenced to the boy's school at Plainfield for auto stealing and are the youngest persons sentenced here for such crime.

Auburn — Harry Davidson claims to possess a feathered gold mine for he has 250 spring pullets that have been averaging 100 eggs a day during the last two weeks.

Frankfort — A force of twenty-five men from the Methodist Protestant church here went to the Ben Ayres farm and cut forty cords of wood to be used as fuel by the church.

Whiting — Tony Gulsiski, while travelling at a high speed in his automobile came to a fork in the road and because he could not decide which prong of the fork to take, crashed into a telephone pole between and fractured his skull.

Bluffton — The W. C. T. U. of this city held a "Carrie Nation" ceremony, including prayer by the Rev. C. H. Smith, and destroyed several gallons of confiscated whiskey here.

Attica — Mrs. W. J. Ulrey, wife of the corn sweepstakes winner of region three in 1919 and 1921, has hopes of being crowned the "Corn Queen" of the world at the International Show in Chicago.

Fort Wayne — Mrs. Edna Mayer has filed suit for divorce against her husband, Merl because, she says, they have had to move five times in ten weeks of married life.

Bicknell — High School girls here are rebelling against the school authorities' anti-cosmetic order and demand it apply to boys also.

Crawfordsville — Lloyd Keeling postal employ here, bagged a rabbit weighing seven and one-half pounds after it almost got away when he hit it with three shots.

Princeton — Sticking his tongue through a door making faces at a neighbor boy almost proved fatal to John Stull, 9, when James Ryan, 12, pushed the door shut, catching Stull's tongue and virtually severing it.

South Bend — A water tank containing 75,000 gallons of water was almost destroyed by fire when sparks from a passing engine landed on the roof.

Ralesville — The rabbit market has opened here and "cotton tails" are quoted at a dime each.

Vincennes — Chickens and ducks became intoxicated and could hardly stand after eating mash poured out by prohibition officers following a

raid on a home on Chimney Pier hill.

Bloomington — Henry A. Brown, prominent Monroe county farmer, was killed when a horse he was shoeing kicked him, fracturing his skull.

Sidney — Edward Rimpler, Goshen police chief, and the brother of the mayor of that city, and two members of the police force were arrested by the deputy game warden here for hunting without a license.

Richmond — Elizabeth Wyndall daughter of Mr. and Mrs. William Wyndall, living on a farm near here has a pet kitten which is being mothered by a hen.

Washington — George Summitt recently killed an eagle on the Padley Ellis farm here which measured seven feet, two inches wing spread but only weighed twelve pounds.

Goshen — A piece of wood one and one-half inches long and three quarters of an inch thick was removed from the neck of Miss Fern Bontrager who was injured here more than a year ago when a street car struck the automobile in which she was riding.

Connersville — Peter Snyder has a rose bush in bloom at his home here with one pink rose on it and several buds that are expected to bloom within the next few days.

## STOP CATARRH! OPEN NOSTRILS AND HEAD

Says Cream Applied in Nostrils  
Relieves Head-Colds at Once.

If your nostrils are clogged and your head is stuffed and you can't breathe freely because of a cold or catarrh, just get a small bottle of Ely's Cream Balm at any drug store. Apply a little of this fragrant, antiseptic cream into your nostrils and let it penetrate through every air passage of your head, soothing and healing the inflamed, swollen mucous membrane and you get instant relief. Ah! how good it feels. Your nostrils are open, your head is clear, no more hawking, snuffling, blowing; no more headache, dryness or struggling for breath. Ely's Cream Balm is just what sufferers from head colds and catarrh need. It's a delight.

## NOTICE OF ELECTION

There will be an election held by the shareholders of the Rushville National Bank at their banking house at Rushville, Indiana on Tuesday January 9th, 1923 between the hours of 10 o'clock a. m. and 4 o'clock p. m. for the purpose of electing directors for said bank to serve the ensuing year.

WILBUR STIERS, Cashier 22813

## You can do 165 useful things with it

FOR any number of carpentry and repair jobs; for making hundreds of useful and attractive home things—you'll find the ideal material in—

There are two remarkable facts about Cornell—the number of things you can do with it; and the ease and economy with which you can do them. We know Cornell is what you want. That's why we have it for you.

We have a booklet, "165 Uses for Cornell-Wood-Board" that will interest you. It describes some of the many uses. You'll think of others. Just write, call or phone for a copy—it's yours for the asking.

Cornell is all wood, an important fact to you. It's easy to work with—saws well and holds nails. Its tough pure wood fiber, triple-sized; its laminated construction, four-ply thick; and its attractive oatmeal finish, mill-primed—all these make Cornell the ideal utility material.
